Principal Activities

MyState Limited (MyState) provides banking, trustee and managed fund products and services through its whollyowned subsidiaries MyState Bank Limited (MyState Bank) and TPT Wealth Limited (TPT Wealth).

MyState Bank delivers home lending, savings and transactional banking solutions through digital and branch channels, an Australian based contact centre, mobile lenders and mortgage brokers.

TPT Wealth delivers asset management and trustee services through relationship managers, digital channels and an Australian based estate planning, trust administration and support team.

There have been no significant changes in the nature of the principal activities of the Group during the period.

Dividends

The Directors have declared a fully franked final dividend of 11.5 cents per share. The dividend will be payable on 22 March 2024 to shareholders on the register at the record date of 29 February 2024.

Operating and Financial Review

Financial performance

The Group recorded a net profit after income tax (NPAT) for the half year ended 31 December 2023 of \$17.5m, a decrease of 12.9% on the prior corresponding period (pcp) to 31 December 2022 of \$20.1m.

Earnings per share (EPS) was 15.89 cents per share (1HY23: 18.59 cents per share), return on equity (ROE) was 7.7% (1HY23: 9.2%) and the Group cost to income ratio (CTI) was 65.7% (1HY23: 63.2%).

The movement in key financial performance reflects the impact from the current competitive operating environment. MyState constantly evaluates and seeks to optimise financial performance, including dynamically balancing the trade-off between growth and margin as well as continuing to focus on operating efficiency.

Group net profit after tax (\$m)

The total loan book (excluding capitalised acquisition costs) grew \$62.8m or 1.0% on June 2023. The home loan book grew \$77m (1.0% or 0.5 times system) during the period. In light of current market conditions, in the near term, MyState will continue to focus on maintaining asset quality and profitable growth.

Pre-provision operating profit of \$26.0m decreased 14.2% on pcp, largely driven by a decrease in operating income of \$6.5m or 7.9% and is reflective of the current economic and competitive environment. The reduction in revenue was partly offset by a decrease in operating expenses of \$2.2m or 4.3% on pcp and represents MyState's ongoing focus on operating efficiency in a high-inflation environment. While prudently managing operating costs, MyState continues to invest in key strategic initiatives, including the customer facing digital experience and mitigating the impact of cyber and fraud related risk.

Despite a period of significant change and the challenges presented by the rising cost of living in recent times, MyState's internally measured customer net promoter score was +41 at 31 December 2023 and reflects a high level of ongoing customer advocacy.

Directors' report continued

MyState Bank

MyState Bank's loan portfolio grew 1.0% from 30 June 2023, reaching \$7,939m at 31 December 2023.

Total loan book composition (\$m)

Housing Loans

Home loan book - LVR profile (\$m)

Other Loans (personal / business / overdrafts)

The Bank remains focused on low-risk, owner-occupied lending with a loan to valuation ratio (LVR) of less than 80%. Exposure to non-residential lending, investor and interest-only lending remains relatively low compared to sector averages.

In 1H24, home loan book growth was driven by loans with an LVR less than 80%. Since June 2021, high LVR lending has generally been to borrowers eligible to participate in the First Home Owner Grant scheme, which is all owneroccupied lending. The scheme is an Australian Government initiative to support eligible customers purchase their first home sooner with as little as a 5% deposit.

While MyState's 30 and 90-day arrears have increased as a consequence of the rise in interest rates since May 2022,

they remain below industry benchmarks at 0.91% and 0.39% respectively (30 June 2023: 0.81% and 0.34%).

Whilst loan losses remained negligible in line with historical experience, impairment expense was \$0.9m during the period, reflecting an increase of \$0.85m in total collective provisions, consistent with an increase in arrears in a rising interest rate environment. As at 31 December 2023, there were no Mortgagee in Possession loans.

Net interest margin (NIM) trend

Net interest income was down \$5.0m or 7.3% on pcp as a result of a fall in NIM partly offset by the benefits of a larger average balance sheet. Relative to the second half of FY23, the fall in NIM of 9 bps to 1.46% during the period reflects ongoing competition in the market for new home loans, elevated levels of customer switching and retention discounting and higher funding costs.

Customer deposits Wholesale funding Securitisation

MyState's funding mix remains well diversified. The reduction in the Customer deposit ratio reflects the decline in more price sensitive third party deposits and an increase in term securitisation with our largest deal ever issued in September 2023. With the increase in interest rates, customers continued to shift from lower cost transaction and savings accounts to higher interest bearing products.

The competition for retail deposits remains strong and is expected to continue in the second half of the financial year as banks repay the RBA's Term Funding Facility (TFF). At 31 December 2023, the TFF for MyState (\$75.6m) only represented 0.9% of total funding and will be repaid in full by 30 June 2024.

MyState welcomed a further 7,690 new to bank customers this financial year.

Directors' report continued

Non-interest income

Non-interest income from banking activities decreased by \$1.1m or 14.9% on pcp, as a result of lower transaction and loan fees.

TPT Wealth

Funds under management (\$m)

Income from wealth management activities decreased by 0.5m or 0.8% on pcp, with Investment Services income

funds management fee, partly offset by an increase in Trustee Services income. Funds under Management (FUM) was up over the period.

lower over the period due to a reduction in the Growth

Funds under Management (FUM) was up over the period, supported by higher investor returns. Wealth NPAT for the half was 31% higher than pcp, driven by lower operating costs.

Capital position

MyState remains well capitalised. The Group's Common Equity Tier 1 ratio increased to 11.32% and total capital ratio increased to 15.59% at 31 December 2023.

During the period, MyState completed a capital relief \$500m term RMBS transaction and drew down on a committed warehouse facility established in June 2023. Other asset growth predominantly reflects an increase in liquid asset holdings.

Capital movement for the half

Directors' report continued

Community

MyState seeks to make a genuine difference to customers and the communities within which we operate.

Since 2001, the MyState Foundation has awarded more than \$2.7 million in grants to help more than 149 not-for-profit organisations in Tasmania with a focus on helping young Tasmanians reach their full potential.

Outlook

Our ambition is to profitably grow our share of deposits, lending and funds under management. Since announcing a growth strategy in mid-2021, the home loan portfolio and customer deposits have increased by 45% and 37% respectively and the Board remains committed to the strategic intent of profitably growing our share of the market.

Given the economic and competitive environment, the business is temporarily targeting home lending growth at market for FY24, whilst continuing to invest into strategic priorities including digital and cyber, and accelerate as market conditions and returns become more favourable.

Lead auditor's independence declaration under section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 5 and forms part of the Directors' Report for the half year ended 31 December 2023.

Rounding of amounts

In accordance with applicable financial reporting regulations and current industry practices, amounts in this report have been rounded-off to the nearest one thousand dollars, unless otherwise stated. Any discrepancies between totals and sums of components in charts contained in this report are due to rounding.

Events subsequent to balance date

In the opinion of the Directors, there has not arisen in the period between the half year ended 31 December 2023 and the date of this report, any material item, transaction or event that is likely to significantly affect the operations of the Group.

Environmental regulation

The Group is not subject to any significant environmental regulation. A task force on Climate-Related Financial Disclosures (TCFD) Report outlining MyState's baseline scope 1, 2 and 3 greenhouse gas (GHG) emissions associated with the activities and facilities that support the businesses' everyday operations, was included in MyState's 2023 Annual Report.

Signed in accordance with a resolution of the Directors.

1.1 Statement of compliance

The half year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001 and Australian Accounting Standard AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half year report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report for the year ended 30 June 2023.

1.2 Basis of preparation

The condensed consolidated financial statements comprise of MyState Limited and the entities it controlled during the half year. They have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. The financial report has been presented in Australian dollars.

MyState Limited is a company of the kind referred to in Australian Securities and Investments Commission (ASIC) Class Order 2016/191, and, in accordance with that Class Order, amounts in the Directors' Report and the half year financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

For the purpose of these financial statements, the following abbreviations have been applied:

Group	MyState Limited and the entities it controlled during the period;
Company	MyState Limited;
Period	the half year ended 31 December 2023; and
ASIC	Australian Securities and Investments Commission.

The comparative information disclosed in the Consolidated Income Statement, Consolidated Statement of Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows is for the six months ended 31 December 2022. The comparative information disclosed in the Consolidated Statement of Financial Position is as at 30 June 2023. Comparative information may contain reallocation of amounts. Any adjustments are to assist in providing more meaningful information within the financial statements.

The accounting policies and methods of compilation are the same as those policies adopted in the most recent annual financial report, which is for the year ended 30 June 2023.

There have been no new accounting standards which have been determined to have a material impact on this financial report.

2.6 Segment financial information

Operations of reportable segments

The Group has identified two operating divisions and a corporate division, which are its reportable segments. These divisions offer different products and services and are managed separately. The Group's management committee review internal management reports for each of these divisions at least monthly.

Banking division

The Banking division's product offerings include lending; encompassing home loans, personal, overdraft, line of credit and commercial products, transactional savings accounts, fixed term deposits and insurance products. It delivers these products and services through its branch network, digital channels and third party channels. The banking business is conducted by MyState Bank Limited.

Wealth Management division

The Wealth Management division is a provider of funds management and trustee services. It operates predominantly within Tasmania. It holds \$1.0 billion in funds under management on behalf of personal, business and wholesale investors as the responsible entity for 8 managed investment schemes. The Wealth Management business is conducted by TPT Wealth Limited. TPT Wealth Limited is a trustee company licensed within the meaning of Chapter 5D of the Corporations Act 2001 and is the only private trustee company with significant operations in Tasmania.

Corporate and consolidation division

The corporate cost centre is responsible for the governance of the Group. The corporate cost centre charges the operating divisions on a cost recovery basis for costs it has incurred. This division is also where eliminations are allocated between the Banking division and the Wealth Management division.

The Group applies a three-stage approach to measuring the expected credit loss (ECL) based on credit risk since origination. The Group estimates ECL through modelling the probability of default, loss given default and exposure at default, as follows:

Stage 1 - Performing - This category includes financial assets that have not experienced a significant increase in credit risk since their origination. For these financial assets an allowance equivalent to 12 month's ECL is recognised, which represents the credit losses expected to arise from defaults occurring over the next 12 months.

Stage 2 - Under-performing - This category includes financial assets that have experienced a significant increase in credit risk since their origination and are not credit impaired. For these financial assets an allowance equivalent to lifetime ECL is recognised. Lifetime ECL is the credit losses expected to arise from defaults occurring over the remaining life of the financial assets.

Stage 3 - Non-performing (impaired) - This category includes financial assets that are credit impaired. The provision is also equivalent to the lifetime ECL. The difference to the provision calculated on stage 2 loans is that the stage 3 loan calculation is not discounted over a future period, but rather the provision is calculated at nominal value.

Financial assets in stage 1 and stage 2 are assessed for impairment collectively, whilst assets in stage 3 are subject to either collective or specific impairment assessment.

The Group has undertaken a review of the ECL of its lending portfolios against relevant specific economic conditions under varying scenarios. The review considered the macroeconomic outlook, customer credit quality, the quality of collateral held and exposure at default as at the reporting date. These model inputs including forward-looking information have been revised in recognition that rising cash rates is a key driver of the estimates therein. The modelled ECL is sensitive to the current environment of high inflation and cost of living pressures, and the longevity of any monetary and fiscal intervention, as these influence both the probability of default and the value of collateral that may be utilised. Whilst the inputs have been revised, the underlying methodology for calculating the ECL is consistently applied in the current and comparative period as described in the Impairment of financial assets accounting policy presented in the most recent annual financial report.

At 31 December 2023, this review includes forward looking economic assumptions using a scenario weighting of 50% base case, 40% moderate recession and 10% strong recovery. The key assumptions used to determine the forward looking economic overlay were revised to incorporate the latest observed economic data, including a lower Official Cash Rate (OCR) under a moderate recession scenario, increasing levels of unemployment and lower near term house price growth, with price falls under the moderate recession scenario of -15% and 20% respectively across FY24 and FY25.

Given the uncertain economic outlook of the Australian and global economy, global geopolitical uncertainties still lingering, rising cost of living pressures and their repercussions on financial hardships, future economic conditions that result in outcomes that differ from the current estimate are possible and will be accounted for in future periods.

3.2 Fair value of financial instruments

Classification of financial instruments

Cash and liquid assets, amounts due to financial institutions and amounts due from financial institutions are carried at cost. As these assets are short term assets, their cost is considered to approximate their fair value. Derivative assets are carried at fair value.

The following financial assets and liabilities are carried at amortised cost:

- Financial instruments;
- Loans and advances;
- Deposits; and
- Other borrowings.

The aggregate net fair values of financial assets and financial liabilities which are carried at amortised cost is:

	31 Dec 3	31 Dec 2023		2023

Fair value hierarchy

The level in the fair value hierarchy of the inputs used in determining the fair values is shown below.

The fair value of these assets is:

Level 1 - inputs that are prices quoted for identical instruments in active markets;

Level 2 - inputs based on observable market data other than those in level 1; and

Level 3 - inputs for which there is no observable market data.

Where the expected maturity is in excess of 12 months, the fair value is discounted to its present value. During the half year, there have been no material transfers between levels of the fair value hierarchy. Classifications are reviewed at reporting dates and transfers between levels are determined based on a reassessment of the lowest level of input that is significant to the fair value measurement.

4.3 Events subsequent to balance date

There were no matters or circumstances that have arisen since the end of the half year which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

In accordance with a resolution of the Directors of MyState Limited, we state that:

1. In the opinion of the Directors:

- (a) The financial statements and notes of the Group are in accordance with the *Corporations Act 2001*, including:
 - (i) Giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half year ended on that date; and
 - (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
- (b) There are reasonable grounds to believe that MyState Limited will be able to pay its debts as and when they become due and payable.

2. The Directors have been given the declarations required by Section 295A of the *Corporations Act 2001* by the Chief Executive Officer and Chief Financial Officer for the half year ended 31 December 2023.

3. The financial statements and notes also comply with International Financial Reporting Standard IAS 34 *Interim Financial reporting* as disclosed in note 1.1.

This declaration is made in accordance with a resolution of the Directors.

On behalf of the Board

Vaughn Richtor Chairman

Hobart Dated 23 February 2024.

Brett Morgan Managing Director and Chief Executive Officer

Independent Auditor's Review Report to the Shareholders of MyState Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of MyState Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 31 December 2023, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

Responsibility of the Directors for the Financial Report

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
