Company Secretary

- **Scott Lukianenko** Ad Dip BMgmt, Grad Dip BA, GIA (Cert).

Principal Activities

MyState Limited (MyState) provides banking, trustee and managed fund products and services through its wholly-owned subsidiaries MyState Bank Limited (MyState Bank) and TPT Wealth Limited (TPT Wealth).

MyState Bank delivers home lending, savings and transactional banking solutions through digital and branch channels, an Australian based contact centre, mobile lenders and mortgage brokers.

TPT Wealth delivers asset management and trustee services through relationship managers, digital channels and an Australian based support team.

There have been no significant changes in the nature of the principal activities of the Group during the year.

Dividends

Dividends paid in the full year ended 30 June 2022 were as follows:

- For the year ended 30 June 2021, a fully franked dividend of 13.00 cents per share, amounting to \$13.69m was paid on 21 September 2021.
- For the half year ended 31 December 2021, a fully franked dividend of 12.50 cents per share, amounting to \$13.19m was paid on 15 March 2022.

The Directors have declared a fully franked final dividend of 11.5 cents per share. The dividend will be payable on 7 September 2022 to shareholders on the register at the record date of 19 August 2022, taking the dividend for the full year to 24.0 cents per share.

Operating and Financial Review

Financial performance

The Group recorded a net profit after income tax for the year ended 30 June 2022 of \$32.0m, a decrease of 11.9% on the prior corresponding period (pcp) to 30 June 2021 of \$36.3m.

Earnings per share (EPS) was 30.34 cents per share (FY21: 39.18 cents per share) and return on equity (ROE) was 7.7%. In June 2021, ordinary share capital of \$55.5m was raised to rapidly accelerate MyState's growth strategy. At the time, the Board indicated that EPS and ROE would be diluted in FY22 as the new capital is deployed to support home loan book growth and operating expenses would increase to support customer, lending and deposit growth.

Group net profit after tax (\$m)

The total loan book (excluding capitalised acquisition costs) grew \$1,347m or 24.1% on pcp. The home loan book grew \$1,390m (25.5% or 3.1 times system growth) during the period. MyState will continue to target home loan portfolio growth momentum with continued discipline and focus on asset quality.

Pre-provision operating profit of \$44.3m decreased 17.4% on pcp, largely driven by an increase in operating costs of \$11.0m or 12.9%. MyState's 2025 strategy to accelerate growth and create scale led to increased investment in distribution capacity, investment in building the MyState brand on the mainland and customer acquisition-focused marketing. The strategy to grow market share in deposits, lending and funds under management (FUM) continues to gain momentum, as evidenced by loan book and customer deposit growth, and a 14.8% uplift in new customers joining MyState in the past 12 months.

The Momentum Intelligence's 2022 Third Party Lending annual survey of 1,050 residential mortgage brokers ranked MyState Bank as the strongest third-party provider of 14 small banks, testament to the trusted relationship MyState has built with the broker community. MyState was also awarded Mozo's 'Expert's Choice Award' in the 'First Home Buyer Loan' category and for the 'Bonus Saver' product, further acknowledging the successful execution of the strategy combined with a relentless focus on customers.

Despite a period of significant change and the challenges presented by COVID-19 over the last two years, MyState's internally measured customer net promoter score was +43 at 30 June 2022 and remains strong.

MyState Bank

Exceptional lending growth and high credit quality maintained in FY22

MyState Bank's loan portfolio grew 24.1% from 30 June 2021, reaching \$6,939m at 30 June 2022.

Total loan book composition (\$m)

Impairment recoveries were \$0.2m lower than pcp, reflecting the reduction in the forward looking economic overlay at 30 June 2021, as a result of the improved economic outlook at that time.

MyState's 30 and 90-day arrears remain below industry benchmarks at 0.41% and 0.20% respectively (30 June 2021: 0.55% and 0.24%).

Central banks globally have a fine balancing act ahead, to manage inflation down without stalling economic activity and pushing economies into recession.

While arrears are lower than 12 months ago, the flow on effect of recent increases in the official cash rate, and expected future increases, may not become visible for months. Consequently, at 30 June 2022, the forward looking economic overlay of \$0.9 million (forms part of the collective provision for impairment) remains unchanged from 31 December 2021.

The Bank remains focused on low-risk, owner-occupied lending with a loan to valuation ratio (LVR) of less than 80%.

Exposure to investor and interest-only lending remains relatively low compared to sector averages.

The increase in loans with an LVR greater than 90% since June 2020 reflects the success of the Bank's participation in the Federal Government's First Home Loan Deposit Scheme (FHLDS) which is all owner-occupied lending. The FHLDS is an Australian Government initiative to support eligible customers purchase their first home sooner with as little as a 5% deposit.

The National Housing Finance and Investment Corporation (NHFIC) provides a guarantee of up to a maximum amount of 15% of the value of a property (as assessed by MyState) purchased under the scheme.

Home loan book – LVR profile (\$m)

Net interest margin (NIM) trend

Net interest income was down \$1.7m or 1.5% on pcp with the fall in NIM reflecting competition in the market for new home loans, partly offset by lower funding costs and above-system loan book growth. Average NIM decreased by 29 bps to 1.67% on pcp. NIM in the month of June 2022 was 1.57% (30 June 2021: 1.89%), in line with average NIM for the second half.

The recent and expected increases in the official cash rate are expected to be positive for NIM moving forward with overall NIM outcomes also subject to the competitiveness of the home loan market and funding cost pressures.

Customer deposits (\$m)

Customer deposits increased by 25.1% in the period driven by growth in the award winning Bonus Saver Account with the majority of customers acquired via digital and online channels.

Importantly, the Bank's online originated deposit portfolio grew an additional \$92m to \$901m (11.4%) from 30 June 2021.

MyState Bank's reliance on securitisation funding reduced during the period as a result of the increase in customer deposits, but remains an important source of funding.

Non-interest income from banking activities increased by \$2.2m or 16.6% on pcp, as a result of loan related transaction fees, reflecting the accelerated growth of the loan book.

TPT Wealth

Funds under management (\$m)

Income from wealth management activities increased by \$1.2m or 8.8% on pcp, with managed funds fee income in line with last year and Trustee Services related income up 29.4%. Funds under management were marginally below the previous year.

The ongoing transformation of the TPT Wealth business is seeing distribution capacity enhanced in the home market of Tasmania, coupled with strategic investments in digital capabilities and a new cloud lending platform.

FUM decreased \$43m from 30 June 2021 with the Income Funds declining by \$34m and the Growth Funds by \$15m, partly offset by an increase in the At Call Fund (\$6m).

The TPT Fixed Term Fund, Select Mortgage Fund and Long Term Fund have been awarded a 4.0 Star 'superior' rating by independent research house SQM Research, recognising TPT Wealth's highly experienced investment team, strong credit credentials and more than 40-year track record of funds management.

Capital position

The Group's total capital ratio decreased to 12.41% at 30 June 2022 and the Group's Common Equity Tier 1 ratio decreased to 10.53%, as the \$55.5 million of capital raised in June 2021 was deployed to support lending growth.

Tier 2 capital was bolstered by the issue of \$25 million of 10-year subordinated notes in November 2021.

MyState expects further capital flexibility will be provided by the inaugural issue of Additional Tier 1 capital and further securitisation.

The Group is on track to meet the Australian Prudential Regulation Authority's (APRA) finalised new bank capital framework requirements, effective from 1 January 2023 onwards. Using the 30 June 2022 capital position, on a pro-forma basis, the Group expects a net uplift in the Common Equity Tier 1 ratio of 30 to 40 bps and the total capital ratio of 60 to 70 bps, net of the 1% increase in the counter-cyclical capital buffer.

Capital

Community

MyState seeks to make a genuine difference to customers and the communities within which they operate.

Since 2001, the MyState Foundation has awarded more than \$2.5 million in grants to help more than 90 not-for-profit organisations in Tasmania with a focus on helping young Tasmanians reach their full potential.

Outlook

The Board-endorsed plan to accelerate the growth in lending has gained early momentum. In the medium term, the business expects to realise the benefits from its investment in digital capabilities, distribution and marketing to grow the customer base, while maintaining a strong risk culture to manage the risks associated with an uncertain economic environment.

Lead auditor's independence declaration under section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 6 and forms part of the Directors' Report for the year ended 30 June 2022.

Rounding of amounts

In accordance with applicable financial reporting regulations and current industry practices, amounts in this report have been rounded-off to the nearest one thousand dollars, unless otherwise stated. Any discrepancies between totals and sums of components in charts contained in this report are due to rounding.

Events subsequent to balance date

On 8 August 2022, the MyState Limited Group announced that it had mandated Westpac and Ord Minnett to engage with investors with the aim to investigate the prospect of issuing a capital note that will qualify as Additional Tier 1 regulatory capital.

In the opinion of the Directors, other than as noted above, there has not arisen, in the period between the year ended 30 June 2022 and the date of this report, any other material item, transactions or event that is likely to significantly affect the operations of the Group.

Environmental regulation

The Group is not subject to any significant environmental regulation. A task force on Climate-Related Financial Disclosures (TCFD) Report outlining MyState's baseline scope 1, 2 and 3 greenhouse gas (GHG) emissions associated with the activities and facilities that support the businesses' everyday operations, will be included in MyState's annual report.

Directors' meetings

The number of meetings of Directors (including meetings of the Committees of Directors) held during the year and the number of meetings attended by each director are as indicated in the following table:

Directors' Meetings

MYS Directors	MYS Board Meetings		Group Audit Committee		Group Risk Committee		Group People, Remuneration & Nominations Committee*		Group Nominations & Corporate Governance Committee*		Group Digital and Marketing Committee

* The Group People and Remuneration Committee merged with the Group Nominations & Corporate Governance Committee on 1 June 2022 to become the Group People, Remuneration & Nominations Committee.

Indemnification and Insurance of Directors and Officers

The Company has paid, or agreed to pay, a premium in relation to a contract insuring the Directors and Officers listed in this report against those liabilities for which insurance is permitted under Section 199B of the *Corporations Act 2001*.

The Company has not otherwise, during or since the relevant period, indemnified or agreed to indemnify an Officer or Auditor of the Company or of any related body corporate against a liability incurred as such an Officer or Auditor.

Non-Audit Services

During the year, Wise Lord & Ferguson, the Company's auditor has performed certain other services in addition to their statutory duties. Further details are set out in note 8.2 to the financial statements.

The Board has considered the non-audit services provided during the year by the auditor and, in accordance with written advice provided by the Group Audit Committee, is satisfied that the provision of those non-audit services during the year by the auditor is compatible with, and did not compromise, the auditor independence requirements of the *Corporations Act 2001*, for the following reasons:

- All non-audit services were subject to the corporate governance procedures adopted by the Company and have been reviewed by the Group Audit Committee, to ensure that they do not impact the integrity and objectivity of the auditor; and
- The non-audit services provided do not undermine the general principles relating to auditor independence as they related to technical disclosure issues.

Auditor's Independence Declaration to the Directors of MyState Limited

In relation to our audit of the financial report of MyState Limited for the financial year ended 30 June 2022, to the best of my knowledge and belief, there have been no contraventions of the auditor independence requirements of the *Corporations Act 2001* or any applicable code of professional conduct.

Remuneration Report

Letter from the Chair of the Group People, Remuneration and Nominations Committee

Dear Shareholder,

The 2022 financial year (FY22) marked a significant year of change for MyState Limited, the first year of a multi-year growth strategy. In May 2021, the company announced a substantial capital raise to accelerate its growth, with implications in the short, medium and longer term for the financial performance of MyState. The capital raise in 2021 received strong support from shareholders, with the accelerated growth strategy and its performance implications forming the backdrop to executive remuneration arrangements and outcomes at MyState for several years to come. On behalf of the Board, I present to you the Company's Remuneration Report (Report) for FY22.

In broad terms, the purpose of MyState's Executive remuneration framework has always been to facilitate long-term sustainable growth for MyState's shareholders. This includes ensuring levels of remuneration are market-competitive to attract, motivate and retain suitably qualified individuals focused on MyState's strategic priorities. The performance conditions and measurement timeframes are consistent with the objective of long-term sustainable growth, and our performance targets are designed to be challenging. The payment vehicles and ownership requirements are designed to align executive and shareholder interests, with the deferral and vesting periods designed for appropriate risk management and to be consistent with the regulatory frameworks in which MyState conducts business.

The Report describes the Group's Director and Executive remuneration frameworks and how they contribute to the execution of our business strategy and support our values and desired culture.

Our financial performance for FY22 assessed against our key financial metrics was solid in the context of a long period of COVID-related uncertainty, together with investment in capacity and capability to drive our accelerated growth strategy. In the end result, however, the company-wide financial measures which are gateways for the payment of short term incentives were not met.

FY22 Executive remuneration framework

It may be helpful to recap the design principles that underlie the MyState Executive remuneration framework, further details of which are set out in the Report:

- Executive remuneration arrangements should be fit-for-purpose for MyState, supporting MyState's overall business strategy and appropriate for the size and complexity of the business.
- Remuneration should be competitive in the market to ensure that MyState is able to attract, motivate and retain talented executive leaders.
- Remuneration, particularly MyState's incentive arrangements, should be aligned to the interests of MyState's shareholders.
- Executive remuneration should drive appropriate behaviours and support the desired culture.
- Remuneration should be simple and transparent.
- Short-term incentive: STI performance is measured over a single financial year. STI payments are subject to financial and non-financial gateways and are also subject to overriding Board discretion.
- Long-term incentive: MyState has a long-term incentive (LTI) arrangement that has been designed to align executives with long-term value creation for shareholders. The LTI design also aims to provide executives with a simple, transparent and meaningful incentive. LTI performance is measured over three years with an additional holding lock of a further two years.
- Minimum shareholding requirements: consistent with ASX practice, MyState has minimum shareholding requirements for its Non-executive Directors and Chief Executive Officer, such that each individual is required to build and maintain a minimum level of shareholding in MyState to align their interests with shareholders. The minimum shareholding requirement is determined by reference to base fees or fixed reward.

We hope that you find this brief overview helpful in understanding the context in which the Report was prepared.

We welcome your feedback. Please email any comments to secretariat@mystatelimited.com.au

Sibylle Krieger

Chair - Group People, Remuneration and Nominations Committee

Our remuneration framework

Philosophy and principles

MyState Limited's remuneration policy is founded on a company-wide commitment to transparency, ethical practices and the creation of long-term value. The framework is designed to encourage and reward actions by executives that deliver positive results for both customers and shareholders through good discipline and strong financial performance, prudent risk management, and the maintenance and enhancement of our company's earned and valued reputation for trustworthiness in the market for financial services. The remuneration policy is designed to support these objectives through:

- Appropriately structured performance-based pay for executives and other eligible employees, including short-term and long-term incentive plans
- Recognition and reward for strong performance linked to both favourable customer experiences and positive sustainable returns to shareholders
- A thoughtful balancing of the company's capacity to pay and our need to attract and retain excellent staff at all levels
- Careful structuring of remuneration for our risk and financial control managers, including performance-based payments, to preserve their independence in carrying out their important roles
- Board discretion over variable remuneration generally, including discretion to apply malus (reduction or forfeiture) to executive incentives, when appropriate, to preserve the interests of shareholders and customers and avoid unexpected or unjust outcomes
- Enhancement of risk management and governance by maintaining separate structures for non-executive director remuneration and executive remuneration.

Directors' remuneration

MyState's non-executive directors (NEDs) are paid annual fixed fees, including statutory superannuation, for their services. They are also entitled to reimbursement of reasonable expenses. Unlike executives, non-executive directors do not receive short-term or long-term incentive payments. The Board determines the level of fees paid to non-executive directors according to two main criteria:

- The level of skill and experience required to conduct their roles
- The level of fees needed to attract and retain talented non-executive directors.

The Board also obtains independent advice from remuneration consultants to guide its deliberations on director fees. The aggregate remuneration paid to all NEDs, including statutory superannuation, may not exceed the amount fixed by shareholders, which is currently \$950,000 per year. This total amount has now remained unchanged for 10 years.

Each NED currently receives a base fee of \$110,000 per annum, and the Chairman receives \$236,500 per annum. Chairs of Board committees (other than the Board Chair) receive an additional \$10,000 per annum, the Deputy Chair receives an additional \$10,000 per annum.

Managing Director and executive remuneration

Executive remuneration mix

MyState Limited's remuneration packages for the Managing Director and executives who report directly to the Managing Director are structured to support the company's ability to attract and retain talented and experienced leaders, and to provide incentives and rewards for high performance and achievement of the company's goals and objectives over the short, medium and long-term. Executive remuneration packages comprise three elements: total fixed reward (TFR), cash-based short-term incentives (STI) and equity-based long-term incentives (ELTIP).

1. Total fixed reward TFR	2. Cash-based short-term incentives STI	3. Equity-based long-term incentives ELTIP
<p>Total fixed reward (TFR) for executives, including the Managing Director, comprises a fixed base salary, superannuation contributions and optional salary sacrifice. The level of payment is set with reference to:</p> <ul style="list-style-type: none"> The relative strategic value and importance of the role The complexity and breadth of the role Experience and skills required External market considerations for comparable positions <p>Base salary rates are set with a view to attracting and retaining talented and culturally aligned executives, while delivering value to shareholders. Executive salaries are periodically reviewed to take into account external market conditions, the business-critical nature of the role, and individual performance.</p>	<p>Cash-based short-term incentives (STIs) provide appropriate rewards to executives for meeting or exceeding performance targets and achieving our core company goals – both financial and non-financial. To this end, STI performance measures and associated targets are set with reference to the drivers of annual company performance and the roles of individual executives in achieving positive business outcomes. The level of STI assigned to executives is calculated annually using an STI 'scorecard', which comprises multiple performance elements. These include financial, growth, cultural, risk and compliance, reputational, customer and stakeholder measures. Financial and non-financial gateways serve to balance reward with MyState's profitability and to avoid rewarding conduct that is inconsistent with our values and risk framework. The STI is calculated as a percentage of TFR for each role, and the maximum percentage of TFR payable as an STI is determined by the Board.</p>	<p>Long-term incentive payments to executives, in the form of company shares or performance rights, under the Executive Long-Term Incentive Plan (ELTIP), exist to encourage and culturally embed long-term thinking and risk management among our company leaders. Long-term planning plays an indispensable role in preparing the company to meet future challenges in an evolving financial services marketplace, and to take advantage of new opportunities as they arise. MyState's ongoing transition to a national, digital business model exemplifies this approach – one designed to meet the ever-changing needs of customers and to sustain long-term value for shareholders.</p>

Executive remuneration breakdown

Managing Director & CEO Total Target Reward				
Total Fixed Remuneration 44%	Maximum STI 26%		Maximum ELTIP 30%

Remuneration governance

A Group People, Remuneration and Nominations Committee – appointed by the MyState Board and comprising four non-executive directors – assists the Board in discharging its remuneration governance responsibilities. Among a range of functions, the committee reviews and makes recommendations to the Board on:

- Remuneration arrangements for directors, the Managing Director and other executives
- Executive incentives, including setting gateways, performance measures and targets at the commencement of the performance period, and assessing performance outcomes against these measures and targets at the conclusion of the performance period, and making recommendations for payment or otherwise
- The appropriate exercise of Board discretion on variable remuneration matters.

The committee assists the Board to meet remuneration obligations required by APRA Prudential Standards and the Banking Executive Accountability Regime (BEAR). The committee also aims to eliminate conflicts of interest from decisions concerning executive remuneration. To this end, no executive is directly involved in deciding their own remuneration.

Company performance

MyState's financial performance in recent years has helped to inform the level of incentive-based remuneration – both short-term and long-term – provided to the Managing Director and other key executives in the year to 30 June 2022.

As shown below, the company has performed consistently across various financial indicators in the period from FY18 to FY22.

Indicator	2018	2019	2020	2021	2022
Statutory profit after income tax (\$'000)	31,461	30,987	30,060	36,341	32,026
Statutory earnings per share (EPS) (cents)	34.97	34.17	32.86	39.18	30.34
Dividends paid (\$'000)	25,794	26,016	26,241	11,508	26,874
Share price (dollar)	5.01	4.49	3.93	4.68	4.08
Statutory average return on equity (%)	10.1	9.7	9.2	10.31	7.7
Statutory cost-to-income ratio (5)	64.0	64.8	62.8	63.1	68.4

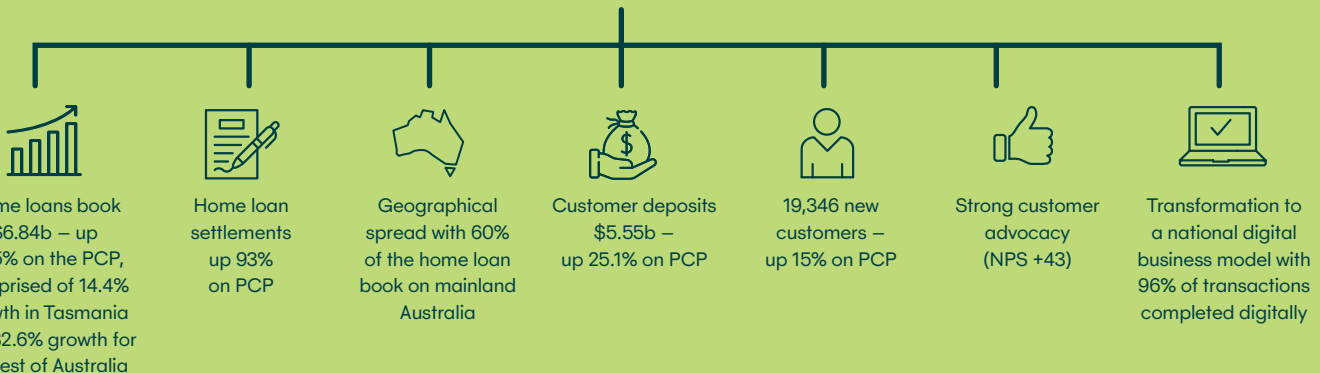

In May 2021, the company announced a substantial capital raise and announced its intention to accelerate growth. At the time of the capital raising the company explained the anticipated effects of the growth strategy on short, medium and longer term financial measures:

The 2021 - 2025 strategy has the following objectives:

- Accelerated home loan and retail deposit growth over the medium term, while maintaining asset quality
- Improved operating leverage (cost to income ratio) in line with business growth
- ROE accretion as capital is deployed
- Sustainable growth in EPS over the medium term.

In FY22, ROE and EPS are expected to be diluted as capital is deployed and increased operating expenses continue to deliver balance sheet growth.

The company has performed strongly across various financial indicators in the period from FY18 to FY22.

PCP – Previous Corresponding Period NPS – Net Promoter Score

Short-term incentive (STI) payments

How STI payments are calculated

Each year, the Group People, Remuneration and Nominations Committee (the Committee) recommends to the Board key performance indicators (KPIs) for the Managing Director with reference to short-term incentive payments. The Managing Director, in turn, recommends KPIs for executives to the Committee, which then makes a recommendation to the Board. KPIs for STI payments include both financial and non-financial metrics that are considered consistent with the business plans of the Group and also supportive of the desired culture of the Group.

At the end of each financial year, the Managing Director assesses the performance of the executives against their KPIs and makes a recommendation for each executive to the Committee. Simultaneously, the Committee assesses the performance of the Managing Director against the relevant KPIs. After consultation with the chairs of the Group Audit Committee and the Group Risk Committee, the Committee recommends STI payment amounts for approval by the Board.

The Board retains complete discretion over STI payments, including the right to reduce or forfeit payments as it sees fit. The annual STI component may be reduced or forfeited if the company, or an individual executive, does not meet the 'gateway' criteria approved by the Board at the start of the financial year.

Threshold performance levels for risk and compliance, executive behaviour standards and profit must be met or exceeded for payments to be made under the STI program.

Executives are assessed as a group with reference to performance on net profit, and on risk and compliance – including corporate reputational matters. Individual executive behaviours are assessed against the MyState values, and individual executives' risk and compliance accountabilities are measured via a scorecard comprising several indicators. The Board has the discretion to reduce the STI (including to zero) if any of these gateways are not met.

The STI scorecard includes a mix of financial and non-financial metrics, with the relative weightings varying between different executive roles. In FY22, the highest weighting for financial metrics – 65 per cent – has been applied to the Managing Director, Chief Financial Officer and General Manager Banking, while the lowest financial metrics weighting – 40 per cent – has been applied to the Chief Risk Officer. The scorecard comprises a diverse list of both quantitative and qualitative performance measures (or criteria), which have been chosen with a view to driving positive outcomes not just for MyState shareholders but also for customers, employees and other key stakeholders of the organisation.

Quantitative performance measures include earnings per share, net interest margin, funds under management, loan book growth, net customer growth and employee engagement. Executives are also individually assessed with reference to their performances as leaders in their specific roles, and to their individual contributions to the future development of the organisation. The Board has the discretion to vary STI outcomes to reflect differing levels of performance.

The 3 Cs - MyState Values

Create customer 'wow'

- We walk in our customers' shoes and appreciate their perspectives.
- We think and act in the best interest of our customers.
- We are clear, concise and trustworthy in our customer interactions.
- We design and deliver exceptional customer experiences, with a human touch.
- We make things simpler and easier for our customers.

Chase the better

- We are bold in our ambition.
- We seek out and embrace the change that is required to succeed.
- We have the courage to try new things and grow from our failures.
- We simplify (and digitise) to deliver.
- We seek industry-leading productivity and always drive for better outcomes.

Collaborate to win

- We care for each other, our customers, partners and community.
- We give our best, do the right thing, and trust our colleagues to do the same.
- We hold each other to account.
- We openly share information so that everyone can make informed decisions.
- We reach out across teams to rapidly solve problems – and celebrate our successes and learnings!

2021-2022 'gateway' criteria for short-term incentive payments

Gateway	Assessment measures
1. Group risk	STI may be reduced or forfeited at the Board's discretion if MyState Limited does not meet compliance and risk management obligations, if its reputation is materially damaged, if capital adequacy and liquidity fall below prudential requirements, or if an executive does not meet their personal accountability BEAR obligations.
2. Individual risk	If an individual's Risk Scorecard does not meet the standard required, then STI may be reduced or forfeited.
3. Net profit after tax (NPAT)	If NPAT is below FY22 budget, STI may be reduced or forfeited.
4. Values and behaviours (individual)	If an individual fails to meet or exceed expectations as assessed against the MyState values, the Board may exercise its discretion for STI to be reduced or forfeited.

The Board retains the residual discretion not to award or pay STIs even if the criteria have been met if, in its reasonable view, the needs of the Group require this.

STI outcomes for 2021-2022

The following key performance measures for the STI component and the level of achievement were assessed by the Board for the 2021-2022 financial year:

Area	Drivers	Measures	Performance
Financial	Earnings	Increasing earnings per share	▼
	Net interest margin	Managed in accordance with Board expectations	▼
	Funds under management	Growing funds under management in our Wealth Business	▼
	Balance sheet	Growing the size of our loan book	●
People	Employee experience	Positive employee experience score	●
	Leadership	Lifting the bar on leadership	●
		Individual contribution to delivery of strategically significant projects	■
	Culture	Evolving our customer-centric culture	●
Customer	Growth	Net customer and investor growth	▼

▼ Below target ■ Target partially met ● Met or exceeded target

STI outcomes for 2021-2022 continued

The Board has determined that the gateway criteria for payment of the STIs for NPAT have not been met for FY22. Performance against three company wide performance measures – earnings per share, net interest margin and funds under management have also not been met. However, it was pleasing to note that the following key non-financial measures – employee experience score (which uses the results of our annual employee engagement survey) and net customer growth were both higher than the previous year.

It is important to note that MyState's growth strategy is on track, with strong growth in customer numbers and significant above system growth in our home loan portfolio. NPAT has been impacted by a decline in net interest margin driven by strong competition for new home loans and customer preference for lower margin fixed rate loans in the first half of the financial year. In addition, the market has seen elevated levels of refinancing activity for most of the year leading to retention discounting and a range of cash back incentives for new lending.

As foreshadowed at the time of the capital raise in June 2021, as capital has been deployed both earnings per share and return on equity have been diluted in FY22. Management and the Board remain confident that return on equity and earnings per share will grow over the medium term.

If the results on which any STI reward was based are subsequently found by the Board to have been the subject of deliberate management miss-statement, error, misrepresentation or act or omission, which the Group People and Remuneration Committee or the Board (acting reasonably) considers would have resulted in the KPIs not being satisfied, or there is otherwise a reward decision incorrectly made, the Board may require repayment of the whole or part of the relevant STI, in addition to taking any other disciplinary actions.

Payment offers

Details of STI payment offers for the 2021/2022 financial year and the 2020/2021 financial year are set out below.

The following key performance measures for the STI component and the level of achievement were assessed by the Board for FY22:

Key Management Personnel	% max. (of TFR)	Max. payable	% awarded	% forfeited	\$ amount paid	% which is not yet assessed for payment
2021/2022						
Brett Morgan ⁽¹⁾	60%	\$169,521	0%	100%	\$0	0%
Gary Dickson	30%	\$120,000	0%	100%	\$0	0%
Mandakini Khanna	30%	\$117,000	0%	100%	\$0	0%
Heather McGovern	30%	\$99,000	0%	100%	\$0	0%
Huw Bough	30%	\$117,000	0%	100%	\$0	0%
Alan Logan ⁽¹⁾	30%	\$92,130	0%	100%	\$0	0%
Paul Moss	30%	\$109,500	0%	100%	\$0	0%
Janelle Whittle	30%	\$94,500	0%	100%	\$0	0%
Melos Sulicich ⁽¹⁾	60%	\$187,500	0%	100%	\$0	0%
2020/2021						
Melos Sulicich	50%	\$312,500	89.30%	10.70%	\$279,063	0%

1) Pro-rata max payable based on commencement and cessation dates as applicable.

Executive Long-Term Incentive Plan (ELTIP)

How the ELTIP works

The Executive Long-Term Incentive Plan (ELTIP) was established by the Board to encourage and motivate the Managing Director and other eligible executives by rewarding them with company shares for helping to create long-term value for the company's shareholders. Until 30 June 2021, participating executives were allocated fully paid ordinary shares in the company, without payment, if performance criteria specified by the Board were satisfied in a set period. Since 1 July 2021, the allocations have been in the form of 'performance rights' which, on vesting, deliver one share for each vested performance right.

Each year, the Board has the discretion to offer executives shares/performance rights worth up to a specified percentage of their total fixed reward (salary). In FY22, the offers have been equal to 70 per cent of total fixed reward for the Managing Director, and 30 per cent of total fixed reward for eligible executives. The number of shares or performance rights allocated is based on the volume weighted average price (VWAP) of shares calculated over the 20 trading days to 30 June immediately prior to the commencement of the performance period for the relevant offer.

For the shares or performance rights to vest, certain performance criteria must be satisfied within the specified performance period.

Both the performance criteria and the performance period are set by the Board alone. ELTIP performance measures are weighted equally between relative total shareholder return (TSR) and return on equity (ROE). The relative TSR incorporates both dividends paid and movements in share prices, while the ROE is a measure of corporate profitability.

Currently, the Board has set three financial years, commencing with the year in which an offer is made, as the performance period, with relative TSR and post-tax underlying ROE for the 2018 and 2019 offers. Relative TSR and statutory ROE have been set as the performance criteria for the 2020, 2021 and 2022 offers. The Board may adjust the statutory ROE performance criteria for one-off items for the 2020 and subsequent offers.

The performance criteria are assessed following the completion of each performance period. Under the ELTIP rules, an assessment is made against the performance criteria to determine the number of shares or performance rights awarded to the Managing Director and each participating executive.

Shares or rights cannot be allocated for a further two years. This means a total period of five years will elapse from the commencement of the performance period to the time when shares are vested. Any ELTIP reward is subject to reassessment and possible reduction or forfeiture. This enables the Board to adjust share allocations (potentially to zero) to protect the

financial soundness of the company or respond to significant unforeseen or unexpected consequences. In addition, if the Managing Director or a participating executive is an accountable person under the BEAR, allocating the shares will be subject to the Board being satisfied that the accountable person has met their accountability obligations. The number of shares allocated (and/or value of any associated payment) may be reduced or cancelled to the extent that the Board determines that the accountability obligations have not been met.

Allocation of shares to the Managing Director and eligible executives is ultimately at the complete discretion of the Board. The ELTIP rules provide that an independent trustee, acting at the direction of the company, may acquire and hold allocated shares on behalf of executives. The participating executive cannot transfer or dispose of shares before they have been allocated to them. Any shares or performance rights to be allocated to the Managing Director under this plan require shareholder approval in accordance with ASX listing rules. Participating executives are required to not hedge their economic exposure to any allocated non-vested entitlement.

Failure to comply with this directive will constitute breach of duty and may result in forfeiture of the offer and/or dismissal.

Commencement of employment during a financial year

Subject to Board approval, a pro-rata ELTIP offer can be made to an executive who commences employment during the financial year, but before 1 April. The terms of the offer must be consistent with all other offers for that year, irrespective of the date of employment commencement.

Cessation of employment

Executives who cease employment with the company will be eligible to receive shares only if the cessation is due to a Qualifying Reason, as defined by the ELTIP Plan Rules. Qualifying reasons include death, total and permanent disability, retirement at normal retirement age, redundancy or other such reason as the Board may determine. Where an ELTIP participant ceases employment, their ELTIP offer will be assessed by the Board at the end of the performance period along with all other participants, subject to meeting the 12-month employment hurdle that applies to any ELTIP offer. If the separated employee is an accountable person under BEAR, any awarded shares will not be allocated until all BEAR requirements are satisfied, including the variable remuneration deferral period.

Entitlement to dividend income

When shares allocated to an executive are held by a trustee, the executive is entitled to receive dividend payments on the allocated shares and to have the trustee exercise the voting rights on those shares in accordance with the executive's instructions. However, executives have no entitlements to dividends or voting rights for shares or performance rights during the deferral period.

ELTIP outcomes 2021-2022

Payment offers

Details of offers made under the Executive Long-Term Incentive Plan (ELTIP) are detailed in the following table:

Offer	2019	2020	2021
Performance period	1 July 2019 to 30 June 2022	1 July 2020 to 30 June 2023	1 July 2021 to 30 June 2024
The comparator group	Members of the S&P/ASX300		
Fair value of shares on offer date ⁽¹⁾ <ul style="list-style-type: none"> Managing Director Other Executives 	Managing Director \$2.49 Other Executives \$2.49	Managing Director \$3.36 Other Executives \$3.36	Managing Director \$3.10 Other Executives \$3.10
Offer date <ul style="list-style-type: none"> Managing Director⁽³⁾ Other Executives⁽³⁾ 	28 October 2019 28 October 2019	16 November 2020 16 November 2020	17 January 2022 23 September 2021
Value of offer ⁽²⁾ <ul style="list-style-type: none"> Managing Director Other Executives 	\$312,500 \$787,664	\$312,500 \$649,500	\$197,774 \$750,699

- 1) The fair value of offers that are assessed and awarded on market-based conditions is determined on the grant date in accordance with AASB 2. The fair value is used to recognise an expense over the performance period for the TSR component of offers. The fair value attached to Managing Director will be subject to valuation review upon shareholder approval of "2021" Offer at FY22 Annual General Meeting, but deemed to be materially correct as at reporting date.
- 2) The value of the offer is the maximum value calculated as at the date of offer at that time. As such, it may include the value of offers made to individuals who are no longer executives of the company.
- 3) Pro-rata offer made in respect of the "2019" Offer to Gary Dickson on 16 March 2020. Pro-rata offer made in respect of the "2021" Offer to Alan Logan and Brett Morgan on 23 September 2021 and 17 January 2022. Noting that the "2021" Offer to Brett Morgan is subject to shareholder approval at the 2022 AGM.

Calculation of the reward TSR component

The ELTIP offers TSR components will vest on the following basis.

TSR component

For the 2020 offer:

MYS TSR relative to the ASX 300:	Percentage of the applicable reward that will vest:
Below the 25th percentile:	0
At the 25th percentile	25%
Between the 25th and 75th percentile	Straight line basis between 25% and 100%
Above the 75th percentile	100%

For the 2021 offer:

MYS TSR relative to the ASX 300:	Percentage of the applicable reward that will vest:
Below the 50th percentile	0%
At the 50th percentile	50%
Between the 50th percentile and the 75th percentile	Straight line basis between 50% and 100%
At or above the 75th percentile	100%

For the 2022 offer:

MYS TSR relative to the ASX 300:	Percentage of the applicable reward that will vest:
Below the 50th percentile	0%
At the 50th percentile	50%
Between the 50th percentile and the 75th percentile	Straight line basis between 50% and 100%
At or above the 75th percentile	100%

Calculation of the reward ROE component

The performance period for the ROE component for the ELTIP reward will be based upon the Company's post-tax ROE and will be payable on the following basis.

ROE component

For the 2020 offer:

MYS aggregate statutory ROE, which may be adjusted for one-off items at the discretion of the Board, for the performance period:	Percentage of the applicable reward that will vest:
Below 27.00%	0%
27.00%	25%
27.00% to 30.00%	Straight line from 25% to 100%
30.00% or above	100%

For the 2021 offer:

Statutory ROE with Board discretion to adjust for one-off items:	Percentage of the applicable reward that will vest:
Below 30.00%	0%
30.00%	50%
30% to 31.50%	Straight line basis from 50% to 100%
31.50% or above	100%

For the 2022 offer:

Statutory ROE with Board discretion to adjust for one-off items:	Percentage of the applicable reward that will vest:
Below 30.00%	0%
30.00%	50%
30.00% to 31.50%	Straight line basis between 50% and 100%
31.50% or above	100%

Actual and potential ELTIP share allocations

The following table details, for current and former KMP, the status of offers made under the ELTIP. The '2018' offer performance period was completed on 30 June 2021. The '2019' offer performance period was completed on 30 June 2022.

2019 Offer	Component	Maximum offer	Forfeited / lapsed	Awarded in the 2021/22 financial year	Not yet assessed for vesting
Key Management Personnel	Number of shares

Alan Logan ⁽³⁾	TSR	-	9,630	13,310
	ROE	-	9,630	13,309

1) There was no "2021" offer made to Melos Sulicich due to the announcement of his retirement.

2) Pro-rata offer made for "2021". Subject to shareholder approval.

3) Pro-rata offer made for "2021".

4) The Board has made the decision, subject to shareholder approval for the MD & CEO and acceptance of the offers by relevant participants, to award up to 265,349 performance rights under the 2022 ELTIP and that such offer will be notified to the market if and when shareholder approval/acceptances are received.

Review of executive remuneration

During FY21, the Committee commissioned independent advice in respect of the structure and performance criteria for executive variable remuneration. With the benefit of that advice, the Board decided to make a number of changes that take effect from 1 July 2021. These changes have been implemented and include moving the Executive Long-Term Incentive Program to a Performance Rights scheme, and reviewing the targets for threshold performance. The details of the Executive Long-Term Incentive Program are provided in section 5. Our Executive remuneration framework will be subject to further review following the introduction of the Financial Accountability Regime (FAR) and the APRA prudential standard for Remuneration.

- 1) The cash bonus shown in "2021" represents the actual amount awarded in respect to STI offers. The cash bonus shown in "2022" represents the gratuity amount award in respect to performance for select KMP.
- 2) Non-monetary benefits consist of car parking expense, travel & accommodation and entertainment.
- 3) Share-based payment amounts have been calculated in accordance with the relevant accounting policy and Accounting Standard. The fair value of the share grant is calculated at the date of grant and is allocated to each reporting period evenly over the period from grant date to vesting date. This fair value will generally be different to the value of shares at the time they vest. The value disclosed is the portion of the fair value of the share grant allocated to this reporting period. These amounts represent share grants which will only vest to the KMP when certain performance and service criteria are met. In some circumstances all, or a portion, of the shares may never vest to the KMP. As these figures are based on accrual accounting and not a reflection of actual cash paid or shares vested, negative figures can result in the event of accrual reversals being recorded. Amounts stated are in respect of the period that the individual held a role of a KMP.

Shareholdings of Key Management Personnel (KMP)

Non-executive Director minimum shareholding

In the absence of approval from the Board to the contrary, non-executive directors are required to acquire and maintain, directly or indirectly, shares in MyState Limited to the equivalent of one year's pre-tax base director's fee or base Chair fee as the case may be. The minimum requirement must be achieved within four years of their appointment as NED or as Chair.

Managing Director minimum shareholding requirement

In the absence of approval from the Board to the contrary, the Managing Director will be required to acquire and maintain shares in MyState Limited equivalent to 50 per cent of their total fixed reward (TFR) within four years of appointment. Any shares

subject to deferral (including shares that may be allocated in respect of awarded performance rights) will be recognised for the purposes of the requirement. The shares in MyState Limited may include shares obtained prior to commencement of employment and/or shares acquired through ELTIP or any other scheme.

Related parties of KMP shareholdings

Details of ordinary shares in the company held by key management personnel and their related parties are set out in the table below. Related parties include close family members and entities under joint or several control, or significant influence, of the KMP and their close family members. No equity transactions with the KMP, other than those arising as payment for compensation, have been entered into with the company.

- Number of shares at commencement of financial year does not agree to the closing position per FY21 Remuneration Report due to the transfer of "2018" Offers awarded to column 2.
- From the "2018" Offer onwards, under BEAR requirements, any shares awarded are "held" in suspension pending the additional Board assessment (two years post) that there has been no subsequent forfeiture event.
- KMP personal share purchase or participation in Dividend Reinvestment Plan (DRP).
- These amounts are the shares awarded under the "2016 & 2017 Offer" or through participation in DRP. These shares have been issued to the Trustee to hold on behalf of the Executives.
- "2014" - "2017" Offers awarded to Melos Sulicich and held in trust (pre-BEAR deferral requirements) were released to his personal account during FY22. The shares awarded from the "2014" Offer exceeded the 4 year holding period in November 2021 and shares held in trust for the "2015" - "2017" offers were released following the cessation of employment. The accumulated value of these shares was \$231,543.

Loans to Key Management Personnel

Loan transactions

Loans to KMP and their related parties (including close family members and entities over which the KMP and/or their close family members have control, joint control or significant influence) are provided in the ordinary course of business. Normal commercial terms and conditions are applied to all loans. Any discounts provided to KMP are the same as those available to all employees of the Group. There have been no write-downs or amounts recorded as provisions during FY22.

Details of loans held by KMP and their related parties during FY22, where the individual's aggregate loan balance exceeded \$100,000 at any time in this period, are as follows:

Key Management Personnel	Balance as at 1 July 2021	Interest charged during the year	Balance as at 30 June 2022	Highest balance during the year
Brett Morgan ⁽¹⁾	0	\$1,147	\$967,147	\$967,147

1) Loan funded on 14 June 2022. The balance as at 31 July 2022 is \$451,678.

Executive employment agreements

The Managing Director and executives are employed under individual open-ended employment contracts that set out the terms of their employment, as detailed below.

Incumbent	Commenced in role	Contract term	TFR	Short Term Incentive (maximum)	ELTIP (maximum)	Termination provisions in the event of termination by the Company
Brett Morgan ¹	17 January 22	Ongoing	\$625,000	60% of TFR	70% of TFR	<p>Notice: The contract may be terminated by the Company with 6 months' notice or payment in lieu of notice.</p> <p>Entitlement:</p> <ul style="list-style-type: none"> • Pro-rata STI payment applied as at the date of termination. • Payment of STI if the performance period is complete but not yet paid. • Pro-rata ELTIP allocation, in accordance with the ELTIP rules.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

1.1 Reporting entity

MyState Limited (the Company) is incorporated and domiciled in Australia and is a company limited by shares that are publicly traded on the Australian Securities Exchange. The address of its registered office and principal place of business is 137 Harrington Street, Hobart Tasmania 7000. The consolidated financial statements of MyState Limited and its subsidiaries (the Group) were authorised for issue by the Directors on 15 August 2022.

1.2 Basis of accounting

These consolidated financial statements are general purpose financial statements which have been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and Interpretations, and other requirements of the law. The financial report complies with Australian equivalents to International Financial Reporting Standards ("AIFRS").

The financial statements comprise the consolidated financial statements of the Group. For the purpose of preparing the consolidated financial statements, the Company is a for-profit entity.

Where necessary, comparative figures have been re-classified and re-positioned for consistency with current period disclosures.

The consolidated financial statements have been prepared on the basis of historical cost, except for certain properties and financial instruments that are measured at revalued amounts or fair values at the end of each reporting period, as explained in the accounting policies.

Rounding of amounts

The Company is a company of the kind referred to in Australian Securities and Investments Commission (ASIC) Class Order 2016/191, and, in accordance with that Class Order, amounts in the financial report are rounded off to the nearest thousand dollars, unless otherwise indicated. All amounts are presented in Australian dollars.

1.3 Use of estimates and judgement

The preparation of the financial report in conformity with Australian Accounting Standards requires the use of certain critical accounting estimates. It also requires management to exercise judgment in the process of applying the accounting policies. The notes to the financial statements set out areas involving a higher degree of judgment or complexity, or areas where assumptions are significant to the financial report such as:

- Loan origination cost amortisation, refer note 2.1;
- Impairment losses on loans and advances, refer note 4.3;
- Fair value of financial instruments, refer note 4.7;
- Impairment assessment of intangibles and goodwill, refer note 5.3;
- Recoverability of deferred tax assets, refer note 6.1; and
- Assessment of lease liabilities and right-of-use assets, refer notes 4.6 and 5.1.

Non-current assets held for sale

At 31 December 2021, a property was reclassified from Investment property to Held for sale and disclosed separately in the Consolidated Statement of Financial Position, in line with AASB 5 Non-Current assets held for Sale. Prior to reclassification, the property was revalued and a gain on revaluation of \$530,000 was recognised in the Consolidated Income Statement in line with the requirements of AASB 140 Investment Property. The property was subsequently sold and a gain of \$324,000 on disposal has been disclosed separately in the Consolidated Income Statement.

Software as a Service arrangement

Capitalised costs of configuring or customising a supplier's application software in a software as a service arrangement have been derecognised in the financials in line with the IFRS Interpretation Committee's (IFRIC) agenda decision in April 2021. The impact has been recognised in the Group's retained earnings.

1.4 Provisions (other than for impairment of financial assets)

Provisions are recognised when the Group has a legal, equitable or constructive obligation to make a future sacrifice of economic benefits to other entities as a result of past transactions or other past events and it is probable that a future sacrifice of economic benefits will be required and a reliable estimate can be made of the amount of the obligation.

MyState Limited

Total interest expense	49,504	52,385
Non-interest income from banking activities		
Transaction fees	3,703	3,918
Loan fees	6,284	4,674
Banking commissions	3,282	2,984
Other banking operations income	1,834	1,375
Total non-interest income from banking activities	15,103	12,951

Income accounting policy

Income is recognised to the extent that it is probable that the economic benefits will flow to the entity and the income can be reliably measured. The following specific recognition criteria must also be met before income is recognised.

Interest

Interest income is accrued using the effective interest rate method, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument. Loan origination fees are recognised as components of the calculation of the effective interest rate method in relation to originated loans, and therefore effect the interest recognised in relation to this portfolio of loans. The average life of loans in the relevant loan portfolios is reviewed annually to ensure the amortisation methodology for loan origination fees is appropriate.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

	30 June 2022 \$ '000	30 June 2021 \$ '000
2.2 Income from wealth management activities		
Funds management income	9,078	9,412
Other fees and commissions	5,742	4,206
Total income from wealth management activities	14,820	13,618

Funds management income and fiduciary activities

TPT Wealth Limited, a controlled entity of the Group, acts as Responsible Entity, Trustee and Funds Manager for eight managed investment schemes. The investment schemes place monies with external wholesale fund managers, direct mortgages and mortgaged backed securities, term deposits and other investments. The clients include individuals, superannuation funds and corporate investors.

The assets and liabilities of these funds are not included in the Consolidated Financial Statements. Income earned by the Group in respect of these activities is included in the Consolidated Income Statement of the Group as "Funds management income".

The following table shows the balance of the unconsolidated funds under management and funds under advice that gives rise to funds management and other fees and commissions income respectively:

	30 June 2022 \$ 'M	30 June 2021 \$ 'M
Funds under management	1,062	1,105
Funds under advice	434	487

Other fees and commissions

TPT Wealth Limited provides private client tax accounting services and acts as trustee and executor of estates. "Other fees and commissions income" is the income earned from these activities.

Income accounting policy

The Group earns three main types of fees and commissions under contracts with customers. The first income type is single performance obligation contracts, such as transaction services, where the performance obligation is performed and consideration received in quick succession. Income from these contracts is recorded as the performance obligations are satisfied. The second income type is where contracts with the customer are for the performance of multiple obligations over time and the customer only benefits from delivery of all those obligations together over time, for example the provision of trustee services and services to funds under management. For these contracts, income is recognised over the service period. The third type of income is insurance intermediary income where the performance obligations are satisfied substantially at the time of referring the customer and economic benefits flow to the Group over time. The Group has estimated that nil income will be brought forward as a contract asset under these contracts due to the insufficient probability of the timing and amount of future income that will flow from these contracts. This income is therefore recorded when received.

Termination payments	-	952
Loss on disposal of fit out costs	-	248
Other	-	144
Total restructure costs	-	2,559

(i) During the comparative period, branches in Queensland and Tasmania were closed and properties in Northern Tasmania were consolidated. The restructure costs include early lease termination costs and redundancy costs related to impacted staff.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

2.4 Expenses (Continued)

The Group's leasing activities

(i) Real estate leases

The Group leases land and buildings for its office space and branch network. The leases of office space and branches typically run for a period of between 3 and 10 years. Some leases include an option to renew the lease for an additional period of the same duration after the end of the contract term.

(ii) Other leases

The Group leases vehicles, with lease terms of three to five years. In some cases, the Group has options to purchase the assets at the end of the contract term; in other cases, it guarantees the residual value of the leased assets at the end of the contract term.

There are no other covenants or restrictions on the Group's leases other than those identified above.

	30 June 2022 \$ '000	30 June 2021 \$ '000
Amount recognised in the Consolidated Income Statement		
Expenses relating to short-term leases and low-value leases	101	128
Future cash outflows to which the Group, as a lessee, is exposed to:		
FY22	-	3,427
FY23	3,473	3,535
FY24	3,564	3,625
FY25	3,657	3,739

Expense accounting policy

Depreciation and amortisation expense

The Group adopts the straight line method of depreciating property, plant and equipment and amortising intangible assets over the estimated useful lives, commencing from the time the asset is held ready for use. Leasehold improvements and right-of-use assets are depreciated over the shorter of either the unexpired expected term of the lease or the estimated useful life of the improvements. Estimated useful lives are:

Buildings	40	years.
Office furniture, fittings & equipment	4-7	years.
Building fit-out	4-15	years.
Computer hardware	3	years.
Software	3-10	years.
Right-of-use assets	2-15	years.

Each year the useful life of assets are evaluated. The remaining useful life of select core banking systems was revised and extended in the prior year as the Group has implemented significant increased functionality and, in turn, longevity of these systems over their initial capacity. The revised remaining useful life is within the above stated parameters however the total life since original core system implementation is in excess of the above stated lives in some instances.

MyState Limited
Notes to the consolidated financial statements for the year ended 30 June 2022

	30 June 2022 cents	30 June 2021 cents
2.5 Earnings per share		
Basic earnings per share from continuing operations	30.34	39.18
Diluted earnings per share from continuing operations	30.34	39.18

Earnings per share accounting policy

Basic earnings per share is calculated by dividing the Group's profit attributable to ordinary equity holders by the weighted average number of ordinary shares outstanding during the financial year. Diluted earnings per share is calculated by dividing the Group's profit attributable to ordinary equity holders by the weighted average number of ordinary shares that would be issued on the exchange of all the dilutive potential ordinary shares into ordinary shares.

The following table details the weighted average number of shares used in the calculation of basic and diluted earnings per share:

	Number	Number
Weighted average number of ordinary shares used in calculating basic and diluted earnings per share	105,570,983	92,761,685

	30 June 2022 \$ '000	30 June 2021 \$ '000
Franking credit balance		
The amount of franking credits available for the subsequent financial year are:		
Franking account balance as at the end of the period at 30%	82,170	82,890
Franking credits that will arise from the payment of income tax payable at the end of the period	(638)	4,049

Dividends not recognised at the end of the financial year

On 15 August 2022, the Directors resolved to pay a final dividend for the 2022 financial year of 11.5 cents per share or \$12.179m total to be paid on 7 September 2022, fully franked at the 30 per cent corporate tax rate. This dividend has not been brought to account as the amount had not been determined at the reporting date. This dividend will reduce the balance of the franking account by \$5.22m.

2.7 Segment financial information

Operations of reportable segments

The Group has identified two operating divisions and a corporate division, which are its reportable segments. These divisions offer different products and services and are managed separately. The Group's management committee review internal management reports for each of these divisions at least monthly.

Banking division

The Banking division's product offerings include lending; encompassing home loans, personal, overdraft, line of credit and commercial products, transactional savings accounts and fixed term deposits and insurance products. It delivers these products and services through its branch network, digital channels and third party channels. The Banking division comprises the MyState Bank Limited Group.

Wealth Management division

The Wealth Management division is a provider of funds management and trustee services. It operates predominantly within Tasmania. It holds \$1.062 billion (2021: \$1.105 billion) in funds under management on behalf of personal, business and wholesale investors as the responsible entity for eight managed investment schemes. The Wealth Management division comprises TPT Wealth Limited which is a trustee company licensed within the meaning of Chapter 5D of the Corporations Act 2001 and is the only private trustee company with significant operations in Tasmania.

Corporate and consolidation division

The corporate division is responsible for the governance of the Group. The corporate division charges the operating divisions on a cost recovery basis for costs it has incurred. This division is also where eliminations are allocated between the Banking division and the Wealth Management division.

Notes to the consolidated financial statements for the year ended 30 June 2022**3.1 Capital management strategy**

The Group's capital management strategy is to adhere to regulatory requirements and maximise shareholder value through optimising the level and use of capital resources, whilst also providing the flexibility to take advantage of opportunities as they may arise.

The Group's capital management objectives are to:

- Comply with internal and regulatory capital requirements;
- Ensure sufficient capital resource is available to support the Group's business, operational and investment activities;
- Maintain balance sheet resilience to safeguard the Group's ability to continue as a going concern; and
- Support MyState Limited's and MyState Bank Limited's credit rating.

The Group's capital management policy considers each of internal, regulatory and rating agency capital requirements. Under APS 110 Capital Adequacy, the ultimate responsibility for the prudent management of capital resides with the Board of Directors. The Board must ensure that an appropriate level and quality of capital is maintained, commensurate with the type, amount and concentration of risk exposures.

The Group's regulatory capital requirements are measured on a Level 1 and Level 2 basis.

Level 1 is comprised of MyState Bank Limited (the ADI) and ConQuest 2010-1R.

Level 2 is comprised of the wider MyState Limited prudential group. This group includes MyState Limited (the non-operating holding company), MyState Bank Limited, Connect Asset Management Limited (the Securitisation programme Manager) and ConQuest 2010-1R.

All entities that are consolidated for accounting purposes are included within the Level 2 regulatory capital calculation except for TPT Wealth Limited and securitisation special purposes vehicles (Conquest 2014-2 Trust, Conquest 2016-1 Trust, Conquest 2016-2 Trust, Conquest 2017-1 Trust, Conquest 2018-1 Trust, Conquest 2019-1 PP Trust, and Conquest 2019-2 Trust).

The Group has developed a detailed Internal Capital Adequacy Assessment Plan (ICAAP). This plan covers the capital requirements of the Group on a Level 1 and Level 2 basis (as previously described) as well as TPT Wealth Limited. The Group's capital position is monitored on a frequent basis and is reported to the Board monthly. The ICAAP also includes a three year forecast of capital adequacy which is prepared and submitted to the Board at least annually.

The ICAAP aims to ensure that adequate planning activities take place so that the Group is effectively capitalised. The ICAAP encompasses known financial events, dividend policy, capital raisings, securitisation and stress testing.

Notes to the consolidated financial statements for the year ended 30 June 2022

3.1 Capital management strategy (continued)

The Board has currently set a minimum total capital adequacy ratio of 12.5% for the Group. Capital adequacy of the Group on a level 2 basis is detailed in the following table:

	30 June 2022 \$ '000	30 June 2021 \$ '000
Qualifying capital		
Common equity tier 1 capital		
Paid-up ordinary share capital (i)	211,167	208,196
Retained earnings	221,796	219,128
Reserves excluding general reserve for credit losses	6,980	44
Total common equity tier 1 capital	439,943	427,368
Less: Regulatory adjustments		
Deferred expenditure including deferred tax assets	35,540	24,818
Goodwill and intangibles	64,556	68,913
Other deductions	47,086	41,733
Total regulatory adjustments	147,181	135,464
Net common equity tier 1 capital	292,761	291,904
Tier 2 capital		
Subordinated notes (ii)	50,000	32,706
Equity reserve for credit losses	2,257	6,380
Total capital	345,018	330,990
Risk weighted assets	2,780,972	2,231,100
Capital adequacy ratio (iii)	12.41%	14.84%

(i) On 24 June 2021, the Group raised \$24.2 million (5,628,573 shares at \$4.30 each) under a retail entitlement offer. This followed an institutional entitlement offer and fully underwritten institutional placement (Placement) which raised \$11.3 million and \$20 million respectively (7,274,502 ordinary shares at \$4.30 each) from existing and new institutional investors, on 2 June 2021.

(ii) On 10 July 2020, the Group issued \$25 million of floating rate subordinated notes ("notes"). The issuer was MyState Limited. The notes have a term of 10 years, maturing 10 July 2030, and pay interest quarterly at a floating rate equal to the three-month BBSW plus a margin of 4.35% per annum. The issuer has the option to redeem these notes on 10 July 2025 and each quarterly interest payment date thereafter, and for certain regulatory events (in each case subject to APRA's prior written approval). On the same date, and with the same terms, MyState Bank Limited issued \$25 million of floating rate subordinated notes to MyState Limited with terms identical to those issued by MyState Limited.

On 3 November 2021, the Group issued \$25 million of floating rate subordinated notes ("notes"). The issuer was MyState Limited. The notes have a term of 10 years, maturing 3 November 2031, and pay interest quarterly at a floating rate equal to the three-month BBSW plus a margin of 2.75% per annum. The issuer has the option to redeem these notes on 3 November 2026 and each quarterly interest payment date thereafter, and for certain regulatory events (in each case subject to APRA's prior written approval). On the same date, and with the same terms, MyState Bank Limited issued \$25 million of floating rate subordinated notes to MyState Limited with terms identical to those issued by MyState Limited.

If APRA notifies the issuer that a non-viability trigger event has occurred, the notes will be converted into ordinary shares of MyState Limited, or written-off. For the notes issued on 3 November 2021, the amount included in the Group's Level 2 Tier 2 regulatory capital is a percentage equal to that of the external interest in the Group's regulatory capital. The amount included in the Group's Level 1 Tier 2 regulatory capital is 100%. For the notes issued on 10 July 2020, the amount included in the Group's Level 1 and Level 2 Tier 2 regulatory capital is 100%.

(iii) At 30 June 2022, the Group's total capital ratio of 12.41% was marginally below the Board's risk appetite limit (12.50%) with Additional Tier 1 capital issuance and planned securitisation to remediate this position.

Notes to the consolidated financial statements for the year ended 30 June 2022

3.2 Financial risk management

Risk management is an integral part of the Group's business processes. The Board sets policy to mitigate risks and ensure the risk management framework is appropriate, to direct the way in which the Group conducts business. Promulgated Board approved policies ensure compliance throughout the business, which are monitored by way of a dedicated compliance system. Risk management plans exist for all documented risks within the Group and these plans are reviewed regularly by the Executive Management Team, the Group Risk Committee and the Board. Business units are accountable for risks in their area and are responsible for ensuring the appropriate assessment and management of these risks.

Risk exposure profile

The Group actively monitors a range of risks, which are not limited to, but include the following:

- Credit risk,
- Market risk; and
- Liquidity risk.

3.2.1 Credit risk**Approach to credit risk management**

Credit risk arises within the Group's lending and treasury investment activities and is the risk that a counterparty may fail to complete its contractual obligations when they fall due.

The Group's approach to managing this risk is to separate prudential control from operational management by assigning responsibility for approval of credit exposures to specific individuals and management committees. The Group Risk Committee has oversight of credit risk exposures and the Enterprise Risk Committee monitors credit related activities through regular reporting processes, including monitoring large exposure to single groups and counterparties. The roles of funding and oversight of credit are separate.

Board approved lending policies guide the processes for all loan approvals by subsidiary operations. All loans over a designated amount, whether within delegated limits or not, are reported to the Group Risk Committee on a regular basis. Any loan outside of delegated limits must be approved by the Board prior to funding.

Maximum exposure to credit risk

The amounts disclosed in the following table are the maximum exposure to credit risk, before taking account of any collateral held or other credit enhancements. For financial assets recognised in the Statement of Financial Position, the exposure to credit risk equals their carrying amount. For customer commitments, the maximum exposure to credit risk is the full amount of the committed facility as at the reporting date.

	30 June 2022 \$ '000	30 June 2021 \$ '000
Cash and liquid assets	119,215	80,266
Due from other financial institutions	40,924	31,859
Other assets	9,831	7,032
Financial instruments	842,926	707,166
	1,012,896	826,323
Loans and advances	6,971,375	5,607,300
Customer commitments (i)	268,364	200,392
Maximum exposure to credit risk	8,252,635	6,634,015

(i) For further information regarding these commitments, refer to note 8.1.

Notes to the consolidated financial statements for the year ended 30 June 2022

3.2 Financial risk management (continued)

The credit quality of financial assets has been determined based on Standard and Poor's credit ratings for financial assets other than loans and advances at amortised cost. For loans and advances at amortised cost, the assets identified as being "closely monitored" are those assets that are greater than 30 days past due. New facilities are loans that have been funded within the financial year.

	30 June 2022 \$ '000	30 June 2021 \$ '000
Credit quality of financial assets		
Financial assets other than loans and advances at amortised cost		
Equivalent S&P rating A+ and above	622,183	476,364
Equivalent S&P rating A and below	390,713	349,959
Loans and advances at amortised cost		
New Facilities - not closely monitored	2,860,403	1,544,649
New Facilities - closely monitored	1,372	364
Continuing facilities - not closely monitored	4,085,757	4,036,862
Continuing facilities - closely monitored	23,843	25,425
Total on balance sheet exposure to credit risk	7,984,271	6,433,623
Loans and advances at amortised cost past due analysis		
Not past due	6,942,215	5,576,675
Past due days:		
31 to 60 days	8,285	11,492
61 to 90 days	7,166	5,760
More than 90 days	13,709	13,373
Total loans and advances at amortised cost	6,971,375	5,607,300
Estimate of collateral held against past due assets	39,730	45,588

Estimate of collateral held

To mitigate credit risk, MyState Bank (ADI) holds collateral against select loans and advances in the form of a mortgage charge over property. The bank can take possession of the security held against the loans and advances as a result of customer default. The collateral shown above is an estimate of the value of collateral held, it is not practicable to determine the fair value.

Notes to the consolidated financial statements for the year ended 30 June 2022

3.2 Financial risk management (continued)

Credit quality is impacted by concentration risk created by the ensuing vulnerability of assets to similar conditions such as economic or political factors. The Group monitors the geographical diversification of its loans and advances. An analysis of this concentration of credit risk at the reporting date is shown in the following table:

	30 June 2022 \$ '000	30 June 2021 \$ '000
Tasmania	2,510,364	2,223,256
Victoria	1,356,804	981,390
New South Wales	1,414,717	1,122,964
Queensland	1,415,876	1,106,049
Western Australia	125,683	77,467
Australian Capital Territory	68,109	50,601
South Australia	71,510	43,897
Northern Territory	12,769	7,094
Gross loans and advances at amortised cost	6,975,832	5,612,718

There are no loans that individually represent 10% or more of shareholders' equity.

3.2.2 Market risk

Managing market risk

Market risk is the exposure to adverse changes in the value of the Group's portfolio as a result of changes in market prices or volatility. The Group is exposed primarily to interest rate risk.

Interest rate risk exposure

The operations of MyState Bank are subject to the risk of interest rate fluctuations as a result of mismatches in the timing of the repricing of interest rates on its assets and liabilities.

Value at Risk (VaR)

The following table indicates the VaR based on historical data. The Group estimates VaR as the potential loss in earnings from adverse market movements over a 20 day holding period to a 99% confidence level. VaR takes account of all material market variables that may cause a change in the value of the loan portfolio. Although an important tool for the measurement of market risk, the assumptions underlying the model are limited to reliance on historical data.

	30 June 2022 \$ '000	30 June 2021 \$ '000
Value at risk (post-tax) based on historic data		
Average	4,084	1,531
Minimum	3,286	980
Maximum	4,878	2,999

Derivatives

The Group is exposed to changes in interest rates. The only derivative instruments currently entered into by the Group are interest rate swaps. The Group protects its portfolio of fixed rate loans, corporate and retail term deposits, NCDs and exposure to variable rate debt obligations, by paying fixed or variable rates to swap providers and receiving fixed or variable rates in return, dependent on the hedged item. The hedge instruments are benchmarked to either BBSW (Bank Bill Swap rate) or AONIA (RBA Interbank Overnight Cash Rate). The hedging strategy is to mitigate earnings volatility for the Group by managing interest rate margins in an increasing rate environment.

Notes to the consolidated financial statements for the year ended 30 June 2022

3.2 Financial risk management (continued)

Derivatives accounting policy

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and subsequently remeasured to their fair value. Fair values are obtained from quoted market prices in active markets. Movements in the carrying amounts of derivatives are recognised in the Consolidated Income Statement, unless the derivative meets the requirements for hedge accounting.

The Group documents the relationship between the hedging instruments and hedged items at inception of the transaction, as well as its risk management objective and strategy for undertaking various hedge transactions. The Group also documents its assessment of whether the derivatives used in hedging transactions have been or will continue to be, highly effective in offsetting changes in the fair values or cash flows of hedged items. This assessment is carried out both at inception and on a monthly basis.

Cash flow hedges

The Group has cash flow hedges that are used to hedge the variability of interest rates in relation to certain assets and liabilities. These derivative instruments are established with terms that exactly match the terms of the asset or liability designated as the hedged item and therefore form highly effective relationships. The portion of the asset or liability designated in the hedging relationship is determined by reference to specific fixed rate assets or liabilities within the deposit or loan portfolio. The Group conducts tests for ineffectiveness and sources of ineffectiveness are limited to credit risk of parties to the relationship. The variability in fair values attributable to an item designated as a cash flow hedge is recognised in Other Comprehensive Income to the extent of the hedge's effectiveness. Any ineffective portion of the change in the fair value of a derivative is recognised immediately in the Consolidated Income Statement.

Derivatives that do not qualify for hedge accounting

If a derivative expires or is sold, terminated, or exercised, or no longer meets the criteria for hedge accounting, or the designation is revoked, then hedge accounting is discontinued and the amount recognised in Other Comprehensive Income remains in Other Comprehensive Income until the forecast transaction affects the Consolidated Income Statement. If the forecast transaction is no longer expected to occur, it is reclassified to the Consolidated Income Statement as a reclassification adjustment.

When a derivative is not designated in a qualifying relationship, all changes in its fair value are recognised immediately in the Consolidated Income Statement, as a component of net income from other financial instruments carried at fair value.

The following table indicates the Group's hedge exposures at 30 June 2022.

Description	Cash flow hedges	Fair value hedges
	\$ '000	\$ '000
Notional amount of hedging instrument (i)	577,129	-
Carrying amount of hedging instrument (i)	9,534	-

(i) Note that Derivatives are reported as financial instruments in the statement of financial position.

3.2 Financial risk management (continued)

3.2.3 Liquidity risk

Managing liquidity risk

Liquidity risk is the risk that the Group is unable to meet its financial and statutory obligations as they fall due, which could arise due to mismatches in cash flows.

The Group maintains a portfolio of highly marketable assets that can be liquidated in the event of an unforeseen interruption of cash flows. The Group also has committed lines of credit that it can access to meet its liquidity needs. Liquidity scenarios are calculated under stressed and normal operating conditions, to assist in anticipating cash requirements providing adequate reserves.

The Group's objective is to manage its funds in a way that will facilitate growth in core business under a wide range of market conditions. The Group maintains, and adheres to, a Liquidity Risk Management framework (LRMF). This process includes acknowledgement of liquidity risks within the Group and justification of the amount of liquidity that is being held based on the liquidity risk profile of the organisation.

Group Treasury is responsible for implementing liquidity risk management strategies in accordance with the LRMF. The Group's Assets and Liabilities Committee (ALCO) assists the Board with oversight of asset and liability management including liquidity risk management. The Group's liquidity policies are approved by the Board after endorsement by the Group Risk Committee and the Banking Group's ALCO.

On 19 March 2020 the RBA established a Term Funding Facility (TFF) that offered ADI's three-year funding at a rate of 0.25% per annum to support the Australian economy through COVID-19. MyState Bank, the Group's ADI, was granted an allowance of \$109.0m which was fully drawn ahead of the 30 September 2020 deadline.

On 1 September 2020, the RBA announced changes to the TFF, including a Supplementary Allowance that provided ADI's additional three year funding at a rate of 0.10%. MyState Bank was granted an allowance of \$75.7m which was fully drawn ahead of the 30 June 2021 deadline.

The combined drawn amount as at the reporting date of \$184.7m is reported within "term deposits". Funding obtained under the TFF has been secured by \$219.4m of eligible asset backed self-securitisation. The funding was drawn down progressively and will therefore be able to be repaid progressively at the end of each respective three year term, commencing in May 2023 and ending in June 2024.

Notes to the consolidated financial statements for the year ended 30 June 2022

3.2 Financial risk management (continued)

3.2.3 Liquidity risk (continued)

Liquidity risk exposure

The Group is exposed to liquidity risk primarily through its banking activities. The Group's contractual cash flows associated with its financial liabilities and hedging derivatives, within relevant maturity groupings is as follows. These are presented on an undiscounted basis and, therefore, will not agree to amounts presented on the Consolidated Statement of Financial Position as they incorporate principal and associated future interest payments.

Cash and liquid assets accounting policies

Cash and liquid assets

Cash and liquid assets in the Consolidated Statement of Financial Position and for the purposes of the Consolidated Statement of Cash Flows comprise cash at bank and in hand and short-term deposits with an original maturity of less than three months, net of outstanding bank overdrafts. Cash flows arising from deposits, share capital, investments, loans to subsidiaries and investments in associates are presented on a net basis in the Statement of Cash Flows.

Cash Flow statement

Cash flows arising from the following activities are presented on a net basis in the Statement of Cash Flows:

- Customer deposits and withdrawals from savings and fixed-term deposit accounts;
- Movements in investments;
- Amounts due to and from other financial institutions;
- Customer loans and advances; and
- Dividends paid.

Where operational income and expense accruals and prepayments are included in the above line items, the movements will differ between the Statement of Financial Position and the disclosure in this note.

Financial instruments at fair value		
Derivatives	9,529	(563)
Total financial instruments	842,926	707,166

Financial instruments accounting policies

Financial instruments at amortised cost

Financial instruments at amortised cost are those non-derivative financial assets that the Group has acquired with the objective of holding in order to collect contractual cash flows. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial instruments at fair value

Financial instruments other than those carried at amortised cost, are carried at their fair value at the reporting date. Note 4.7 contains information on how the Group determines fair values. Fair value gains and losses are recognised in comprehensive income until the derecognition date, at which point the net gains and losses are transferred to profit or loss for that instrument.

Derecognition of financial assets and liabilities

Financial assets are derecognised when the contractual rights to receive cash flows from the assets have expired, or where the Group has transferred its contractual rights to receive the cash flows of the financial assets and substantially all the risks and rewards of ownership. Financial liabilities are derecognised when they are extinguished, i.e. when the obligation is discharged, cancelled or expired.

4.3 Loans and advances

Classification of loans and advances at amortised cost

Residential loans secured by mortgage	6,872,096	5,468,427
Personal loans and unsecured overdrafts	20,238	46,989
Overdrafts secured by mortgage	31,846	29,200
Commercial loans	51,652	68,102
Total loans and advances at amortised cost	6,975,832	5,612,718
Less:		
Specific provision for impairment	-	50
Collective provision for impairment	4,457	5,368
Total loans and advances at amortised cost net of provision for impairment	6,971,375	5,607,300

Loans and advances at amortised cost accounting policy

Loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as "loans and advances". Loans and advances are recognised on trade date and are measured at amortised cost using the effective interest method, less any impairment. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the effect of discounting is immaterial.

Notes to the consolidated financial statements for the year ended 30 June 2022

The Group has undertaken a review of the expected credit loss (ECL) of its lending portfolios against relevant specific economic conditions under varying scenarios. The review considered the macroeconomic outlook, customer credit quality, the quality of collateral held and exposure at default as at the reporting date. These model inputs including forward-looking information have been revised in recognition that rising cash rates is a key driver of the estimates therein. The modelled ECL is sensitive to the speed and resilience of post-COVID-19 economic normalisation, and the longevity of any monetary and fiscal intervention, as these influence both the probability of default, and the value of collateral that may be utilised. Whilst the inputs have been revised, the underlying methodology for calculating the ECL is consistently applied in the current and comparative period as described in the Impairment of financial assets accounting policy presented below.

At 30 June 2022, this review includes forward looking economic assumptions using a scenario weighting of 60% base case, 30% moderate recession and 10% strong recovery. The key assumptions used to determine the forward looking economic overlay were revised to incorporate the latest observed economic data, including a higher Official Cash Rate (OCR), stronger levels of employment and lower near term house price growth, with price falls under the moderate recession scenario of -20% across FY23 and FY24.

Given the ever-changing COVID-19 environment in Australia and geopolitical uncertainties affecting the world, future economic conditions that result in outcomes that differ from the current estimate are possible and will be accounted for in future periods.

Notes to the consolidated financial statements for the year ended 30 June 2022

4.3 Loans and advances (continued)

Impairment of financial assets accounting policy

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected. The primary source of credit risk for the Group arises on its loan portfolio. In relation to this portfolio, the Group maintains a specific provision and a collective provision.

Specific provisions for impairment are made against individual risk rated credit facilities where a loss is expected. The provisions are measured as the difference between a financial asset's carrying amount and the expected future cash flows.

All other loans and advances that do not have an individually assessed provision are assessed collectively for impairment. The collective provisions are calculated using an Expected Credit Loss (ECL) model. This model is forward looking and does not require evidence of an actual loss event for impairment provisions to be recognised.

The Group applies a three-stage approach to measuring the ECL based on credit risk since origination. The Group estimates ECL through modelling the probability of default, loss given default and exposure at default, as follows:

Stage 1 - Performing - This category includes financial assets that have not experienced a significant increase in credit risk since their origination. For these financial assets an allowance equivalent to 12 month's ECL is recognised, which represents the credit losses expected to arise from defaults occurring over the next 12 months.

Stage 2 - Under-performing - This category includes financial assets that have experienced a significant increase in credit risk since their origination and are not credit impaired. For these financial assets an allowance equivalent to lifetime ECL is recognised. Lifetime ECL is the credit losses expected to arise from defaults occurring over the remaining life of the financial assets.

Stage 3 - Non-performing (impaired) - This category includes financial assets that are credit impaired. The provision is also equivalent to the lifetime ECL. The difference to the provision calculated on stage 2 loans is that the stage 3 loan calculation is not discounted over a future period, but rather the provision is calculated at nominal value.

Financial assets in stage 1 and stage 2 are assessed for impairment collectively, whilst those assets in stage 3 are subject to either collective or specific impairment assessment.

Significant changes in credit risk

Significant increases in credit risk for financial assets are assessed by comparing the risk of a default occurring over the expected life of a financial asset at the reporting date compared to the corresponding risk of default at origination. In determining what constitutes a significant increase in credit risk, the Group considers qualitative and quantitative information. The judgement to determine this is primarily based on changes in internal customer risk grades since origination of the facility. For all of the Group's loan portfolios, in addition to the primary indicator, a mathematical model has been developed to identify where a facility's recent behaviour has deteriorated significantly from its original behaviour.

Key judgements and estimates made by the Group include the following:**Forward looking information**

The measurement of expected credit losses needs to reflect an unbiased probability-weighted range of possible future outcomes. AASB 9 provides limited guidance on how to meet this requirement and consequently, the Group has developed an approach considered appropriate for its credit portfolio, informed by emerging market practices.

In applying forward looking information in its AASB 9 credit models, the Group considered three alternate economic scenarios (base case, strong recovery and moderate recession), to ensure a sufficient unbiased representative sample is included in estimating ECL. At 30 June 2022, the forward looking component of the collective provision for doubtful debts is \$0.9m (2021: \$1.5m). The balance of the overlay at 30 June 2021 reflected the level of uncertainty of the potential ongoing impact of COVID-19 at that time. At 30 June 2022, while there are no customers on COVID related assistance, the overlay now primarily reflects the uncertainty surrounding the impact of inflation and higher interest rates on the economic recovery.

Notes to the consolidated financial statements for the year ended 30 June 2022

4.4 Transfer of financial assets (securitisation program)

Some loans and advances to customers are sold by the Group to securitisation vehicles. The transfer takes the form of the Group assuming an obligation to pass cash flows from the underlying assets to investors in the notes. The Group utilises its securitisation program to provide regulatory capital relief and funding diversification.

The following table sets out the carrying values at the transaction date of financial assets transferred during the financial year in this manner to vehicles that provide regulatory capital relief and the value of the associated liabilities issued from the vehicles. This table does not include transfer of assets to the securitisation vehicle in which the Group is the bond holder.

	30 June 2022 \$ '000	2021 \$ '000
Transferred financial assets:		
Loans and advances	350,389	-
Associated financial liabilities:		
Securitisation liabilities to external investors	350,389	-

Transfer of financial assets accounting policy

Once assets are transferred to a securitisation vehicle, the Group does not have the ability to use the transferred assets during the term of the arrangement. The Group does not have any loans transferred to unconsolidated securitisation vehicles.

The consolidated securitisation vehicles generally transfer all the risks and rewards of ownership of the assets to the investors in the notes. However, derecognition of the transferred assets from the Group is prohibited because the cash flows that the securitisation vehicles collect from the transferred assets on behalf of the investors are not passed to them without material delay. In these cases, the consideration received from the investors in the notes in the form of cash is recognised as a financial asset and a corresponding financial liability is recognised. The investors in the notes have recourse only to the cash flows from the transferred financial assets.

There are no customers who individually have deposits which represent 10% or more of total liabilities.

Deposits and other borrowings accounting policy

Deposits and other borrowings are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The Group does not currently hold any financial liabilities at fair value.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

	30 June 2022 \$ '000	2021 \$ '000
4.6 Other liabilities		
Trade payables and related accruals	6,975	8,699
Lease liabilities	10,238	11,906
Total other liabilities	17,213	20,605

Lease liabilities

Lease liabilities are initially measured at the present value of the future lease payments at the commencement date, discounted using the interest rate implicit in the lease (or if that rate cannot be readily determined, the lessee's incremental borrowing rate).

Lease payments are allocated between principal and interest expense. Interest expense is recognised as a financing cost within interest expense (refer note 2.1) in the income statement over the lease period. Any variable lease payments not included in the measurement of the lease liability are also recognised in the income statement in the period in which the event or condition that triggers those payments occurs. Lease liabilities are remeasured when there is a change in future lease payments arising from a change in lease term, an assessment of an option to purchase the underlying asset, an index or rate, or a change in the estimated amount payable under a residual value guarantee. When the lease liability is remeasured, a corresponding adjustment is made to the carrying value of the Right-of-use (ROU) asset, or, in the income statement, where the carrying value of the ROU asset has been fully written down. The ROU asset is recorded in property, plant and equipment and right-of-use assets (refer to note 5.1).

4.7 Fair value of financial instruments

Classification of financial instruments

Cash and liquid assets and amounts due from financial institutions are carried at cost. As these assets are short term assets, their cost is considered to approximate their fair value.

The following financial assets and liabilities are also carried at amortised cost:

- Financial instruments;
- Loans and advances;
- Deposits; and
- Other borrowings.

The aggregate net fair value of financial assets and financial liabilities which are carried at amortised cost is:

	30 June 2022		30 June 2021	
	Carrying value \$ '000	Net fair value \$ '000	Carrying value \$ '000	Net fair value \$ '000
Financial assets				
Financial instruments	833,397	819,283	707,729	725,199
Loans and advances	6,971,375	6,893,600	5,607,300	5,613,341
Total financial assets	7,804,772	7,712,883	6,315,029	6,338,540
Financial liabilities				
Deposits	6,308,547	6,301,702	4,928,741	4,928,719
Other borrowings including subordinated notes	1,289,637	1,288,359	1,151,053	1,150,973
Total financial liabilities	7,598,184	7,590,061	6,079,794	6,079,692

Notes to the consolidated financial statements for the year ended 30 June 2022

4.7 Fair value of financial instruments (continued)

Fair value hierarchy

The level in the fair value hierarchy of the inputs used in determining the fair values is shown below. The fair value of these assets is:

Level 1 - inputs that are prices quoted for identical instruments in active markets;

Level 2 - inputs based on observable market data other than those in level 1; and

Level 3 - inputs for which there is no observable market data.

Where the expected maturity is in excess of 12 months, the fair value is discounted to its present value. During the year, there have been no material transfers between levels of the fair value hierarchy.

	Level 1 value \$ '000	Level 2 value \$ '000	Level 3 value \$ '000	Total value \$ '000
2022				
Financial assets				
Financial instruments	-	819,283	-	819,283
Loans and advances	-	-	6,893,600	6,893,600
Financial liabilities				
Deposits	-	6,301,702	-	6,301,702
Other borrowings including subordinated notes	-	1,288,359	-	1,288,359
2021				
Financial assets				
Financial instruments	-	725,199	-	725,199
Loans and advances	-	-	5,613,341	5,613,341
Financial liabilities				
Deposits	-	4,928,719	-	4,928,719
Other borrowings including subordinated notes	-	1,150,973	-	1,150,973

The Group has performed a VaR analysis as detailed in note 3.2, Market risk. VaR takes account of all material market variables that may cause a change in the value of the loan portfolio, being 100% of Level 3 inputs.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

	30 June 2022 \$ '000	30 June 2021 \$ '000
5.1 Property, plant and equipment and right-of-use assets		
Leasehold improvements		
At revalued amount	7,370	7,351
Accumulated depreciation	(6,820)	(6,629)
	550	722

Accumulated depreciation	(5,040)	(4,826)
	807	607
Right-of-use assets - land and buildings		
At cost	15,581	14,938
Accumulated depreciation	(6,485)	(4,589)
	9,096	10,349
Total property, plant and equipment	10,453	11,678

Property, plant and equipment accounting policy

Leasehold improvements

Following initial recognition at cost, leasehold improvements are carried at a revalued amount, being their fair value at the date of the revaluation less any subsequent accumulated depreciation on leasehold improvements. Fair value, is determined by reference to market-based evidence, which is the amount for which the assets could be exchanged between a knowledgeable willing buyer and seller in an arm's length transaction as at valuation date.

Any revaluation surplus is credited to the asset revaluation reserve included in the equity section of the Consolidated Statement of Financial Position, unless it reverses a revaluation decrease of the same asset previously recognised in the Consolidated Income Statement. Any revaluation deficit is recognised in the Consolidated Income Statement unless it directly offsets a previous surplus of the same asset in the asset revaluation reserve.

A property previously classified as land and buildings was reclassified as Investment property in the prior comparative period and held for sale and subsequently disposed of during the financial year.

Plant and equipment and right-of-use (ROU) assets

Plant and equipment and right-of-use assets are measured at cost less accumulated depreciation and any impairment in value. The cost of ROU assets correspond to the amount recognised for the lease liability on initial recognition together with any lease payments made at or before the commencement date, net of any lease incentives received and initial direct costs.

Impairment of property, plant and equipment and right-of-use assets

The carrying values of property, plant and equipment and right-of-use assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. For an asset that does not generate largely independent cash flows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

Derecognition of property, plant and equipment and right of use assets

An item of property, plant and equipment or right-of-use asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the Consolidated Income Statement in the year the item is derecognised.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

	30 June 2022 \$ '000	30 June 2021 \$ '000
5.2 Investment property		
Land and buildings		
At revalued amount	-	5,293
Accumulated depreciation	-	(1,492)
	-	3,801
Total investment property	-	3,801

Investment property accounting policy

Land and buildings

Following initial recognition at cost, land and buildings are carried at a revalued amount, being their fair value at the date of the revaluation less any subsequent accumulated depreciation on buildings and accumulated impairment losses. Independent valuations are performed with sufficient regularity to ensure the carrying amount does not differ materially from the asset's fair value at the Consolidated Statement of Financial Position date. Fair value, is determined by reference to market-based evidence, which is the amount for which the assets could be exchanged between a knowledgeable willing buyer and seller in an arm's length transaction as at valuation date.

Any revaluation surplus is credited to the asset revaluation reserve included in the equity section of the Consolidated Statement of Financial Position, unless it reverses a revaluation decrease of the same asset previously recognised in the Consolidated Income Statement. Any revaluation deficit is recognised in the Consolidated Income Statement unless it directly offsets a previous surplus of the same asset in the asset revaluation reserve.

At 31 December 2021, the investment property was reclassified from Investment property to Held for sale in line with *AASB 5 Non-Current assets held for Sale*. Prior to reclassification, the property was revalued and a gain on revaluation of \$530k was recognised in line with the requirements of *AASB 140 Investment Property*. The property has subsequently been sold and settled on 16 May 2022. A gain on disposal of \$324k has been recorded separately in the Consolidated Income Statement. (Refer note 1.3)

Accumulated amortisation	-	(22,740)	(22,740)
Net carrying amount	65,152	18,326	83,478

Intangibles accounting policy

Intangible assets acquired separately are capitalised at cost and from a business combination are capitalised at fair value as at the date of acquisition. Following initial recognition, the cost model is applied to the class of intangible assets. The useful lives of these intangible assets are assessed to be either finite or infinite. Where amortisation is charged on assets with finite lives, this expense is taken to the Consolidated Income Statement. Certain costs directly incurred in acquiring and developing software are capitalised and amortised over the estimated useful life.

Software as a Service arrangement

Any capitalised costs of configuring or customising a supplier's application software in a software as a service arrangement have been derecognised in the financials in line with the IFRS Interpretation Committee's (IFRIC) agenda decision in April 2021. The impact has been recognised in the Group's retained earnings. (Refer to note 1.3)

Intangible assets are tested for impairment where an indicator of impairment exists and, in the case of indefinite life intangibles (limited to Goodwill), annually, either individually or at the cash-generating unit level. Useful lives are also examined on an annual basis and adjustments, where applicable, are made on a prospective basis.

Goodwill is treated as an indefinite life intangible, software and other intangibles are finite life intangibles. Refer to note 2.4 Expenses for the useful life of tangible and intangible assets.

Notes to the consolidated financial statements for the year ended 30 June 2022

5.3 Intangible assets and goodwill (continued)

Impairment testing of Goodwill

For the purpose of impairment testing, goodwill has been allocated to the Group's two cash-generating units (CGU's) the Banking Business and the Wealth Management Business. These CGU's represent the lowest level within the Group at which the goodwill is monitored for internal management purposes. The aggregate carrying amounts of goodwill allocated to each CGU for the purpose of impairment testing is as follows:

	30 June 2022	30 June 2021
	\$ '000	\$ '000
Banking Business	40,189	40,189
Wealth Management Business	24,963	24,963
Total goodwill	65,152	65,152

The Group's assessment of goodwill value-in-use exceeds the carrying value allocated to the CGU's and included in the financial statements.

The recoverable amounts for each CGU's value-in-use was determined using cash flow projections from Board approved financial budgets for the year ending 30 June 2023. Growth rates have been applied from year two through to year ten. Cash flows are projected by undertaking detailed calculations for each income and expense category over a three year period and are then extrapolated off the 3rd year, which is the lowest point of growth. An exit value is calculated at the end of 10 years, based on an implied terminal value earnings multiple of 8.5 and 9.2 for the Banking Business and the Wealth Management Business respectively, and a long-term growth rate not exceeding industry. A post-tax discount rate of 11.7% (16.7% pre-tax) and 11.1% (15.9% pre tax) was used for the Banking Business and the Wealth Management Business respectively. Certain income categories are modelled by projecting growth in relevant portfolio balances and the resulting income derived there-from. Other non-portfolio related income streams and expense categories are modelled by projecting real rates of growth (above inflation) for each category. Terminal value is determined at year ten using the assumption that the CGU achieves no real growth above inflation into perpetuity. The growth rates applied do not exceed the long-term average growth rate for the business which the CGU operates. The discount rate used of 11.7% reflects the Group's post-tax nominal weighted average cost of capital, which has been reviewed by externally engaged advisers and approved by the Board. Average inflation is projected to be 5.1%. The method for determining value-in-use is consistent with that adopted in the comparative period.

The key assumptions adopted in assessing Banking's value-in-use are the rate of growth in the balance of the housing loan portfolio and the outlook for net interest margin (NIM). Taking into account management's past experiences and external evidence, the assumptions that have been adopted for both of these components are considered to be reasonable. Management expects that any reasonably possible change to assumptions used in Management's assessment will not result in impairment.

The key assumption adopted in assessing Wealth Management's value-in-use is the rate of growth in income derived from management fee (MF) income. MF income is derived from its activities as the responsible entity for various Managed Investment Schemes (MIS). MF income derived is directly related to the portfolio balances of the MIS. Other sources of income for the Wealth Management Business are its Trustee Services divisions. Taking into account Management's past experiences and external evidence, the assumptions adopted are considered reasonable. Management's assessment of Wealth Management's value-in-use exceeds its carrying value. Any reasonably possible change to assumptions used in Management's assessment will not result in impairment.

5.3 Intangible assets and goodwill (continued)

Goodwill accounting policy

Goodwill on the acquisition of businesses is carried at cost as established at the date of the acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash generating units (or groups of CGU's) that is expected to benefit from the synergies of the combination.

A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the CGU and then to the other assets of the unit pro rata based on the carrying amount of each asset in the CGU. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. On disposal of the relevant CGU, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

Impairment of subsidiaries accounting policy

Investments in subsidiaries are tested annually for impairment or more frequently if events or changes in circumstances indicate that the carrying value may not be recoverable. An impairment loss is recognised for the amount by which the investment's carrying amount exceeds its recoverable amount (which is the higher of fair value less costs to sell and value in use). At each balance sheet date, the investments in subsidiaries that have been impaired are reviewed for possible reversal of the impairment.

	30 June 2022 \$ '000	30 June 2021 \$ '000
5.4 Employee benefits provisions		
Balances		
Provision for annual leave	2,319	2,006
Provision for long service leave	3,266	3,234
Total employee benefits provisions	5,585	5,240
Due to be settled within 12 months	4,129	3,879
Due to be settled in more than 12 months	1,456	1,361
Total employee benefits provisions	5,585	5,240

Employee benefits accounting policy

Liabilities for salaries, wages and annual leave are recognised in respect of employees' service up to the reporting date. Where settlement is expected to occur within twelve months of the reporting date, the liabilities are measured at their nominal amounts based on the remuneration rates which are expected to be paid when the liability is settled. Where settlement is expected to occur later than twelve months from reporting date, the liabilities are measured at the present value of payments which are expected to be paid when the liability is settled.

A liability for long service leave is recognised and measured at the present value of expected future payments to be made in respect of services provided up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

Contributions are made by the Group to employee superannuation funds and are charged as expenses when incurred.

Terms and conditions

Ordinary shares have the right to receive dividends as declared from time to time and, in the event of a winding up of the Company, to participate in the proceeds from the sale of all surplus assets in proportion to the number of shares and amounts paid up on the shares held. Ordinary shares entitle their holder to one vote per share, either in person or by proxy at meetings of the Company.

The Company does not have authorised capital or par value in respect of its issued shares.

The Group offers share based remuneration, refer to note 5.2 in the Remuneration Report for further information regarding these arrangements.

Closing balance	4,895	5,900	5,970	2,802

6.1 Income tax expense, current and deferred tax balances (continued)**Taxation accounting policy**

Income tax expense is recognised in the Consolidated Income Statement, except to the extent that it relates to items recognised directly in other comprehensive income, in which case it is recognised in the Consolidated Statement of Comprehensive Income. Income tax expense on the profit or loss of the period comprises current tax and deferred tax.

Current tax payable

Current tax payable is the expected tax payable on the taxable income for the financial year using tax rates that have been enacted, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred income tax is provided on all temporary differences at reporting date. Temporary differences are calculated at each reporting date as the difference between the carrying amount of assets and liabilities for financial reporting purposes and their tax base.

Deferred income tax liabilities are recognised for all taxable temporary differences except:

- Where the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- When the taxable temporary differences associated with the investments in subsidiaries and the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax assets and unused tax losses can be utilised except:

- When the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affect neither the accounting profit nor the taxable profit and loss; and
- When the deductible temporary differences are associated with investments in subsidiaries, in which case a deferred tax asset is only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxable authority.

The Group undertakes transactions in the ordinary course of business where the income tax treatment requires the exercise of judgement. The Group estimates its tax liability based on its understanding of the tax law.

6.1 Income tax expense, current and deferred tax balances (continued)**Taxation accounting policy (continued)****Tax consolidation**

The Group has elected to be taxed as a single entity under the tax consolidation regime. The head company is MyState Limited. The members of the Group have entered into a tax sharing agreement that provides for the allocation of income tax liabilities among the entities should the head entity default on its tax payment obligations. No amounts have been recognised in the financial statements in respect of this agreement on the basis that the possibility of default is remote.

The Company and the controlled entities in the tax consolidated group continue to account for their own current and deferred tax amounts. The Company has applied the separate tax payer within group approach in determining the appropriate amount of current taxes and deferred taxes to allocate to members of the tax consolidated group.

In addition to its own current and deferred tax amounts, the Company also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group.

Any difference between the amounts assumed and amounts receivable or payable under the tax funding agreement are recognised as a contribution to (or distribution from) wholly-owned tax consolidated entities.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

7.1 Parent entity information

The accounting policies of the parent entity, which have been applied in determining the financial information shown below, are the same as those applied in the consolidated financial statements. Refer to note 1 and policy notes within the financial statements for a summary of the significant accounting policies relating to the Group.

The parent entity has not entered into any guarantees and does not have any contingent liabilities as at 30 June 2022 (30 June 2021: nil).

Transactions between the Company and the consolidated entities principally arise from the provision of management and governance services. All transactions with subsidiaries are in accordance with regulatory requirements, the majority of which are on commercial terms. All transactions undertaken during the financial year with the consolidated entities are eliminated in the Consolidated Financial Statements. Amounts due from and due to entities are presented separately in the Statement of Financial Position of the Company except where offsetting reflects the substance of the transaction or event.

7.2 Controlled entities and principles of consolidation

Details of the Group's material subsidiaries at the end of the reporting period are as follows.

Significant subsidiaries	Principal activities	Country of Incorporation	Ownership Interest
MyState Bank Limited	Banking	Australia	100%
TPT Wealth Limited	Wealth Management	Australia	100%
Connect Asset Management Pty Ltd	Manager of Securitisation Vehicles	Australia	100%

Basis of consolidation accounting policy

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of these three elements of control.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Income Statement and Other Comprehensive Income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of Other Comprehensive Income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Notes to the consolidated financial statements for the year ended 30 June 2022

7.3 Related party disclosures

The ultimate parent entity and controlling entity is MyState Limited. Balances and transactions between the Company and its subsidiaries, which are related parties of the Company, have been eliminated on consolidation and are not disclosed in this note. Details of transactions between the Group and other related parties are disclosed in the following paragraphs.

Managed Investment Schemes

Within the Group, TPT Wealth Limited (TPT) is a Responsible Entity for Managed Investment Schemes (Funds) and, accordingly, has significant influence over their activities. TPT receives management fees from these Funds. TPT also pays expenses of the Funds for which it is reimbursed. TPT and the Company have also invested in these Funds and receive distributions on these investments. These investments are made on the same terms and conditions that apply to all investors in these Funds. Details of these transactions and balances are as follows:

	Consolidated		TPT	
	30 June 2022 \$ '000	30 June 2021 \$ '000	30 June 2022 \$ '000	30 June 2021 \$ '000
Management fees received	9,078	9,412	9,078	9,412
Balance of investment held at year end	2,532	2,553	2,532	2,509
Distributions received from managed funds	23	(35)	22	(23)

The Funds have:

- Accepted money on deposit from Directors and Executives or entities associated with Directors and Executives at prevailing Fund rates and conditions;
- Loaned money to MyState Bank, in the form of term deposits and negotiable certificates of deposit, totalling \$2.58M (2021: \$2.55M); and
- Invested in the ConQuest Trusts Residential Mortgage Backed Securities Program in the form of Class A and B notes totalling \$31.29M (2021: \$28.94M).

These deposits are made on the same terms and conditions that apply to all similar transactions.

Key Management Personnel**(i) Loans to directors**

During 2022, secured loans advanced to the Managing Director and Chief Executive Officer were \$0.97m. At 30 June 2022, the balance outstanding was \$0.97m and is included in loans and advances. (Note 4.3)

(ii) Individual Directors and Executive compensation disclosures

Information regarding individual Directors, Executive compensation, and equity instruments disclosures, as required by the Corporations Regulation 2M.2.03, is provided in the Remuneration Report section of the Directors' report. Disclosure of the compensation and other transactions with key management personnel (KMP) is required pursuant to the requirements of Australian Accounting Standard AASB 124 Related Party Disclosures. The KMP of the Group is comprised of the Non Executive Directors, Managing Director and Chief Executive Officer and certain Executives.

	30 June 2022 \$ '000	30 June 2021 \$ '000
Key management personnel compensation		
The key management personnel compensation comprised:		
Short-term employee benefits	3,885	4,611
Post employment benefits	323	295
Share-Based payment (i)	208	473
Termination benefits	-	-

(i) These amounts are estimates of compensation and include a portion that will only vest to the Managing Director or Executive when certain performance criteria are met or a 'Capital Event' occurs. The fair value of shares is calculated at the date of grant and is allocated to each reporting period over the period from grant date to vesting date. The value disclosed is the portion of the fair value of the shares allocated to this reporting period.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

8.1 Contingent liabilities and expenditure commitments

MyState Bank has provided guarantees to third-parties in order to secure the obligations of customers. The range of situations in which guarantees are given include:

- Local Government Authorities, to secure the obligations of property and sub-divisional developers to complete infrastructure developments;
- Local Government Authorities, Schools and other building owners, to secure the obligations of building contractors to complete building works;
- Landlords, to secure the obligations of tenants to pay rent; and
- CUSCAL, to secure payroll and direct debit payments processed by CUSCAL on behalf of customers.

	30 June 2022 \$ '000	30 June 2021 \$ '000
Customer commitments		
Loans approved but not advanced to borrowers	207,176	134,076
Undrawn continuing lines of credit	58,269	62,458
Performance guarantees	2,919	3,858
Total customer commitments	268,364	200,392

Guarantees are issued in accordance with approved Board policy. Those guarantees over \$10,000 are required to be secured. In the event that a payment is made under a guarantee, the customer's obligation to MyState Bank is crystallised in the form of an overdraft or loan.

Estate Administration

TPT Wealth Limited acts as executor and trustee for a significant number of trusts and estates. In this capacity, this company has incurred liabilities for which it has a right of indemnity out of the assets of those trusts and estates. Accordingly, these liabilities are not reflected in the financial statements.

Other contracted commitments for expenditure on plant and equipment as at the reporting date are for only minimal amounts.

MyState Limited

Notes to the consolidated financial statements for the year ended 30 June 2022

	30 June 2022 \$ '000	30 June 2021 \$ '000
8.2 Remuneration of auditors		
During the financial year, the following fees which are shown exclusive of GST claimed were paid or payable for services provided by the auditor of the Group, Wise Lord & Ferguson:		
Audit services		
Audit of the financial statements of the consolidated entities	418	401
Total remuneration for audit services	418	401
Audit related services		
Assurance related services	51	50
Audit of loans and other services to the securitisation program	4	6
Total remuneration for audit related services	55	56
Other non-external audit related services		
Other services	51	10
Total remuneration for non-audit related services	51	10
Total remuneration for services provided	524	467

8.3 Events subsequent to balance date

On 8 August 2022, the MyState Limited Group announced that it had mandated Westpac and Ord Minnett to engage with investors with the aim to investigate the prospect of issuing a capital note that will qualify as Additional Tier 1 regulatory capital.

There were no other matters or circumstances, other than as noted above, that have arisen since the end of the year which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial periods.

8.4 Other significant accounting policies, new accounting standards and disclosures

The principal accounting policies, which are consistent with those applied in the comparative period unless otherwise stated, that have been adopted in the preparation of the financial report are set out in this section and the preceding sections.

(i) Other assets

Other assets comprise accounts receivable, accrued income and prepayments. Accounts receivable are initially recorded at the fair value of the amounts to be received and are subsequently measured at amortised cost using the effective interest rate method, less any provision for impairment loss.

(ii) Other liabilities

Other liabilities comprise accounts payable and accrued expenses and represent liabilities for goods and services received by the Group that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of the recognition of the liability.

8.4 Other significant accounting policies, new accounting standards and disclosures (continued)**(iii) New and revised accounting standards**

The Group has adopted the following new standards and amendments to standards:

- AASB 2020-3 *Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments*.
- AASB 2020-6 *Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current – Deferral of Effective Date*.

Adoption of these amendments has not resulted in any significant changes in how the Group currently applies accounting standards.

The following accounting standards will become effective in future financial years:

- AASB 2020-1 *Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current*
- AASB 2021-2 *Amendments to Australian Accounting Standards – Disclosure of Accounting Policies and Definition of Accounting Estimates*.
- AASB 2021-5 *Amendments to Australian Accounting Standards – Deferred Tax related to Assets and Liabilities arising from a Single Transaction*.

Adoption of these amendments is not expected to result in any significant changes to how the Group applies accounting standards in future financial years.

MyState Limited
Directors Declaration for the year ended 30 June 2022

In accordance with a resolution of the Directors of MyState Limited, we state that:

1. In the opinion of the Directors:

- (a) The financial statements and notes of the Group set out on pages 25 to 74 are in accordance with the *Corporations Act 2001*, including:
 - (i) Giving a true and fair view of the Group's financial position as at 30 June 2022 and of its performance for the year ended on that date; and
 - (ii) Complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
- (b) There are reasonable grounds to believe that MyState Limited will be able to pay its debts as and when they become due and payable.

2. The Directors have been given the declarations required by Section 295A of the *Corporations Act 2001* by the Chief Executive Officer and Chief Financial Officer for the financial year ended 30 June 2022.

3. The financial statements and notes also comply with International Financial Reporting Standards as disclosed in note 1.2.

This declaration is made in accordance with a resolution of the Directors.

On behalf of the Board

Vaughn Richtor
Chairman

Brett Morgan
Managing Director and Chief Executive Officer

Hobart
Dated 15 August 2022.

Independent Auditor's Report

To the Shareholders of MyState Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of MyState Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2022, the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the Directors' declaration of the Company.

In our opinion the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- I. giving a true and fair view of the Group's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- II. complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia; and we have fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report, including in relation to these matters. Accordingly, our audit included the

performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Financial Report.

1. Operation of IT Systems and Controls

Key audit matter	How our audit addressed the matter
<p>This is a key audit matter because a significant part of the Group’s financial reporting process is heavily reliant on IT systems with automated processes and controls for the capture, processing, storage, and extraction of information.</p> <p>There has been continued change to the Group’s IT landscape in the 2022 financial year and it has been essential to ensure appropriate user access and change management protocols exist and are being observed. These protocols are important because they ensure that access and changes to IT systems and related data are made and authorised in an appropriate manner.</p> <p>These key controls mitigate potential fraud or error because of change to an application or underlying data.</p> <p>MyState has outsourced arrangements in place for a number of key IT processes.</p>	<p>We focus our audit on those IT systems and controls that are significant to the Group’s financial reporting process.</p> <p>We assessed and tested the design and operating effectiveness of the Group’s IT controls, including those over user access and change management as well as data reliability and integrity.</p> <p>This involved assessing:</p> <ul style="list-style-type: none"> • Technology control environment and governance; • Change management processes for software applications; • Access controls designed to enforce segregation of duties; • System development, reviewing the appropriateness of management’s testing and implementation controls; • We carried out direct tests of the operation of key programs to establish the accuracy of calculations, the correct generation of reports, and to assess the correct operation of automated controls and technology-dependent manual controls; and • Third party reports on IT systems and controls. <p>For outsourced providers, we obtain assurance from third party auditors on the design and operating effectiveness of controls.</p>

2. Recognition and Measurement – Software Assets and Goodwill

Refer to Note 5.3 'Software assets and goodwill'

Key audit matter	How our audit addressed the matter
<p>The recognition and measurement of software assets is a key audit matter because of the Group's ongoing investment in new systems and the judgement required to:</p> <ul style="list-style-type: none"> • Recognise when costs incurred transition from research to development; and • Assess the useful life of IT assets. <p>The Group continues to enhance its IT systems and online servicing capability.</p> <p>There is also a high level of judgement required in the Group's annual testing of impairment of goodwill with significant forward-looking assumptions used in the valuation models.</p>	<p>To address the risk of material misstatement and obtain sufficient audit evidence, we performed the following procedures over software assets and goodwill:</p> <ul style="list-style-type: none"> • We evaluated and tested the Group's policies and processes for recognising software assets; • We reviewed amounts capitalised for significant projects currently being completed by the group. This included a retrospective assessment of amounts capitalised in early stages of significant projects; • We reviewed the Group's processes for considering the completion of projects and commencement of amortisation; • We ensured software assets made redundant through new projects were written off; • We reviewed the useful lives applied to IT systems to ensure they are reasonable; and • We reviewed the goodwill valuation model and forward-looking assumptions applied to each CGU of the Group.

3. Provision for Impairment on Loans and Advances

Refer to Note 4.3 'Loans and advances'

Key audit matters	How our audit addressed the matter
<p>The provision for impairment on loans and advances is a key audit matter because of the Group's significant balance of loans and advances, the significant growth in loan balances during the 2022 financial year, and the significant judgement inherent in the provisioning model. The provisioning model is determined in accordance with the requirements of AASB 9 <i>Financial Instruments</i>.</p> <p>Provision for impairment of loans and advances that exceed specific thresholds are individually</p>	<p>To address the risk of material misstatement and obtain sufficient audit evidence, we performed the following procedures over the provisions for impairment on loans and advances:</p> <ul style="list-style-type: none"> • Assessed the governance oversight; • Reviewed and tested the calculation of the expected credit loss model, including the specific provision, collective provision for impairment and management overlays; • Considered the assumptions within the management overlays;

Key audit matters	How our audit addressed the matter
<p>assessed by management with reference to future cash repayments and proceeds from the realisation of security.</p> <p>Other loans that do not have an individually assessed provision are assessed on a portfolio basis with loans with similar risk characteristics.</p> <p>Key areas of judgement included:</p> <ul style="list-style-type: none"> • The design of the expected credit loss model used; • The selection of assumptions adopted such as the probability of default, loss given default, exposure at default and forward-looking information, and the impact of COVID-19 on these assumptions; • The design of the management overlays applied in response to significant economic events; and • The stress test modelling undertaken to verify provisioning levels. 	<ul style="list-style-type: none"> • Ensured the methodology for write off of debt was consistent with prior periods; • Tested the accuracy of the data used to calculate the provision; • Reviewed a sample of current arrears balances and reviewed follow up procedures, including whether specific financial assets in arrears had been appropriately provided for; and • Reviewed management assessments of provision for loans that exceed specific thresholds. <p>We also assessed the impact of regulatory changes on the provision for impairment on loans and advances, specifically the impact of Prudential Standard APS 220 Credit Risk Management.</p> <p>We considered the impact of the growth in loan balances on credit risk and tested the internal control environment that supports lending.</p>

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2022 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision, and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 7 to 24 of the Directors' report for the year ended 30 June 2022.

In our opinion, the Remuneration Report of MyState Limited, for the year ended 30 June 2022 complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
